PRESIDENT'S BRIEFS.

Our next meeting will be on May 17th at 7:00 at Trophy's Restaurant in Mission Valley. We will have free food, a no host bar and a very short formal meeting. The majority of the meeting will be devoted to meeting other members of our chapter and getting to know them. Your Board feels that the chance to socialize and get to know your fellow IPSSA members is extremely important. Some of you are servicing a sick leave pool right now. This duty is much more meaningful to you if you have had the opportunity to meet and get to know that chapter member. It also gives you the chance to network, ask questions of more experienced members, and meet someone who can help and give advice. This is one of the founding principles of IPSSA.

We have a large amount of money in our continuing education fund. Please take advantage of this. We pay about 50% of any educational costs that you incur related to the pool industry. This is a wonderful opportunity

to improve your knowledge and ability to have a very successful business.

Hope to see you all next Wednesday. Don't forget to check the Skimmer for a coupon for the drawing for Superior 3" tabs.

A big thanks to **Raypak** for their manufacturer rebate check for nearly \$7,000 for the 200 to 300 heaters our members purchased. The money goes into our Continuing Education Fund.

SCP is holding seminars and the schedule is in the April Skimmer.

President's Report – Mike Gregg

Mike announced that the long-awaited Standing Rules and Sick Leave Plan updates are completed. Mike thanked Paul Grimes for compiling and coordinating the printing of the updates. There is also a page near the front of the folder which advises members how to stay fine-free. Mike advised that the updates were approved by the membership last year. Mike presented Jim Bradbury with an

award for serving on the Region 7 Board in 2004-2005.

Tom Richardson is out on Sick Leave and should be out 5 more weeks.

At the Region 7 Board meeting, Mike passed around our photo directory. Everyone was impressed and discussed the potential of producing a Region 7 directory.

Sick Leave

Nothing to add to Mike's report on Tom Richardson, but it could be more than 5 weeks.

Continuing Education

Stephen Heyer said that Carlos Grosselfinger used the pool, cart, but found it did not work for him as he had numerous accounts with access problems. Additionally, his truck hitch didn't match up well.

Juhli Selby of SCP stated that their seminars are in the April Skimmer and the first class was today. Seven attended Javier Payan's water chemistry class and 2 took the IPSSA water chemistry test which followed.

Stephen passed out checks to Brian Davis for a Quick Books course, Joe Dianna for the Western Show and Bob Reed for his contractor's license. Pat Schulteis and Jim Holmes are installing salt systems under our test program. A Goldline salt unit will go into an account of Stephen Heyer.

Stephen stated that in three years we've handed out \$1,672 in checks for education reimbursement – we can do much more.

Manufacturer's Rebate

Jon McArthur basically blew everybody away as he presented the Chapter with a check for \$6812.50 from Raypak for our member purchases of 200 to 300 Raypak heaters. This money will go into our Continuing Education Fund. Thanks Raypak.

We have or are working toward rebate programs with Pentair, Jandy, Hayward and Waterpik.

Water Safety/Public Relations/ Blood Drive

John Silcox told the sad truth of a Clairemont mom's young daughter got out the sliding door and drown in the pool.

John said it's our obligation to check gates, drains and pool lights for safety.

We have safety brochures and IPSSA has 50 free WaterWatcher tags per member request.

John asked if other members would like to join the Water Safety Committee – we need help in covering the events we attend to pass out safety materials. There was discussion regarding getting the word out, including buying an ad in the U-T. The Water Safety Committee distributes materials to the public and has arranged for materials to be available at retail pool supply stores. Anything to get the brochure and WaterWatcher tag to the public. PoolList USA has addresses and can donate their one-time use for distribution through the US Mail. It was agreed that our chapter should find a fence and gate company to become a Chapter Supporter.

Entertainment

Joe Lukacik announced that the May Annual Dinner Meeting will be a Trophy's Hazard Center, May 17th. We'll have chicken alfredo, salad and a no-host bar. Come and enjoy the food and fun.

The Region 7 Picnic is scheduled for Sunday August 27th at De Anza Cove.

Treasurer's Report – Jim Bauer

We're in good shape financially, especially thanks to Raypak and Jon McArthur. The approved report is in the Skimmer. Jim Bauer stated our financial reports are sent to IPSSA Inc.

Vice President's Report

Robert Gibson of Sapphire Pools was voted in as a member. Robert serves 63 accounts in Rancho Bernardo, Poway and Scripps Ranch. Robert knows that some of his pools are outside our Sick Leave coverage area.

Speaker – Mike Gray and Dan Frank of Saleslink presented the DelZone ozone system/salt generator. It produces ozone 24/7 and has a smaller cell which cleans easily without cell removal.

Michelle Howard of Suntrek suggested that with \$72 per barrel oil, solar looks good! Suntrek offers \$300 referral fees and has bill stuffers for member use.

Jim Bradbury stated that he had a good, used pool slide available for free if someone picks it up at Superior.

Hidden Pool Dangers

Former Secretary of State **James Baker** 3rd lost a granddaughter in a hot tub drowning in 2002. **Virginia Baker**, 7, was pulled under by a drain with no safety valve. (Pool drains also pose a risk.) "Parents need to warn their kids of the dangers and supervise them when in the water," says Virginia's mother, **Nancy**. The Bakers are pushing for national standards for pools and hot tubs as part of National Safe Kids Week (May 6 - 13). Visit www.safekids.org to learn more.

Safety Report **John Silcox**, IPSSA San Diego chapter, explained that **Rick Bishop** actually started the water safety program several years ago with **Jon Rumble** and **A J Wilson**. There was an agreement with Safe Kids Coalition to share the cost of printing Water Watcher tags.

The San Diego chapter later did some brainstorming and developed the water safety brochure. The goal is to get the message of water safety out to pool owners. Several thousand tags and brochures have been distributed in the last few years; we are making headway in getting out the word.

John spoke on his attendance at the Fifth Annual National Drowning Prevention Symposium in Fort Myers Beach, FL (see his article in The IPSSAN, "Report from Fifth Annual National Drowning Prevention Symposium," April 2006, page 11).

Director's Announcements:

A. Advertising Campaign – 1) **Paid PR person** – **Javier** is in charge of public relations at the B.O.R.D. level. The idea is to have more exposure in the pool industry and to the public in general and become a household name. We are not just charging for pool service – we can be the go-to people on anything having to do with water safety. Proposal for a \$5,000 PR campaign. Motion was made by Jim Lawson, seconded by Mike Gregg, and carried to approve funds for a PR person, with a cap of \$2,000 for R7. 2) **Bumper stickers** and safety materials available to members to promote IPSSA. Vision that IPSSA will gain name recognition, and the consumer will call an IPSSA member or check the IPSSA Web site. **David Rockwell** has a video on water safety that chapters may borrow for their meetings. 3) **Water Safety Tags** give IPSSA exposure to prospective members.

B. Hayward Pool Products - If IPSSA meets its goal of 5,000 mem-

Editor/Publisher: **Nancy Gillespie**, *A+ Business Services*

bers by the end of the year, Hayward will donate \$5,000 in products to the chapter that brings in the most new members or employees.

C. SPEC – 1) \$1,000 donation from SPEC approved at Installation Weekend. 2) SPEC was active in CSLB stings. There were not a lot of arrests, but it got the attention of unlicensed contractors. 3) Packed room at WPSS. 4) Free DVDs of a recent presentation, “Exterminating the Leeches from the Pool Industry,” available to IPSSA chapters. Call 1-800-991- SPEC.

D. Water Safety – 1) Pool and Spa News article – **Nancy Baker**, whose daughter died several years ago, wrote an article addressing suction entrapment and calling for additional laws retroactive on existing pools. **Don Burns**, SPEC, is fighting it. **Javier** and **John Silcox** will prepare a response from IPSSA. 2) National Safe Kids Week, sponsored by the Safe Kids Coalition, will take place May 8 – 13 and will emphasize swimming pool safety, with Johnson & Johnson as a supporter. This is an opportunity for media exposure.

E. Salt Staining? **Terry Snow**, R3, reported some incidents of salt staining of pools in the LA area. Tell **Javier** of any incidents you’ve experienced, and he will pass the info to Terry.

F. Region 7 Picnic – Committees are being formed.

G. IPSSA Expansion into Florida – **Javier** went to the Florida Pool and Spa Show; it was phenomenal. Exciting to see people take the test and sign up with IPSSA. The artwork in pool magazines got exposure for IPSSA.

Membership Benefits:

Service agreements available to IPSSA members through the Arrow Insurance Web site; you are welcome to cut and paste for your use. **Ray Arousty** says that if you notice a safety hazard, you should send a certified letter alerting your customer. **Javier** created an NCR form, NOTIFICATION/PROPOSAL, which he has been using for several years. Safety hazards or health code violations can be listed with the estimate to correct/repair. It has actually gotten him a lot of new business.

IPSSA Water Chem Books:

A draft of the new water chemistry book was passed out.

NSPF has proposed partnering with IPSSA to make the COP course available to members at a reduced cost. IPSSA would pay your tuition. When you complete the course, you could then charge tuition to teach it. IPSSA is looking for someone to fill the position.

B.O.R.D. Meetings: 1) Saturday, May 6, Austin TX. 2) Saturday, August 5, San Diego, CA. These B.O.R.D. meetings are open to all regular members, so get the word out to your chapter members to come on by; give **Javier** a head count for meals. **Loyal Johnson** suggested making attendance at a B.O.R.D. meeting count towards chapter meeting attendance.

New Business:

A. NPC – **Mike Gregg** said IPSSA is not listed as an affiliate of the National Plasters Council. Javier will look into it.

B. Next R7 meeting – Tuesday, July 11, 2006.

Meetings.

Stephen will set up a Seminar Committee which will work with the Table Top Committee for ideas. The Table Top Committee also has funds and may choose to work with the Chapter on joint seminars.

The discussion included whether we should run our own CPO course and/or Contractor's license course. A laptop and projector could be purchased if needed for use at seminars and General Meetings.

Phil and Austin Gardner volunteer to help Stephen with the committee. Other ideas to increase attendance at General Meetings and seminars were discussed. Additional funding may be provided for the Water Safety committee to improve their signage.

Paul Grimes noted that the Guy and Gloria Muto Scholarship Fund has been receiving \$100 per month from our Chapter for years. With our increase in membership and inflation, Paul proposed an increase. The Board approved a monthly donation of \$200.

Muto Scholarships have been awarded to several outstanding sons and daughters of our Chapter members for help with college expenses. The Muto Foundation's President is Bob Fowler while Jon McArthur and Paul Grimes are on an eight member Board. Paul volunteers to run the website at www.ggmuto.org.

The Muto Foundation is entering a drive to increase donations from manufacturers and our increased

contribution is a challenge to others in the industry.

If approved by the Muto Foundation board, a scholarship will be named for the San Diego Chapter of IPSSA beginning in 2006 or 2007.

Sick Leave

Continuing Education- Stephen

The Education Comm. along with the rest of the Chapter, I'm sure would like to again thank Jon McArthur for his efforts on behalf of the chapter for the latest donation of \$6,000.00 to the Education Fund which brings the total to \$17,000.00. That's SEVENTEEN THOUSAND DOLLARS and some cents. These funds are manufacturer rebates. A little history. The John's, (Silcox & McArthur), one day sat in a pub (no

surprise) and tried to find a method of helping the members of our chapter get smart. After much caloric intake, the Ed. Fund was born.

Since then we have done many things for the chapter such as CPR courses & paying for members costs of various other learning tools. Now, because of the amount in the fund, its time to take it to another level. We are forming a Ed. Fund steering group. We need your input on how to set this up for the future.

We also would like volunteers to sit on the comm. Don't be shy! Serve and help us all to be the best pool professionals there are. It's important to remember that these are chapter funds - not the regions and certainly not IPSSA Inc's. Those members that can look forward to the next meeting to receive their E. rebates for course work include: Bad boy Peck, Carlos Grosselfinger, the Gardiner boys (Phil & Austin), Joe Dianna and, once again – Brian Davis. Good work people. Stay tuned for breaking developments. I'll see you at dinner. GET SMART! Stephen
