PRESIDENT'S BRIEFS

Hope all of you had a happy Valentine's Day. I attended the leadership conference and installation dinner on February 2nd and 3rd in Newport Beach. The new water chemistry test was presented, and each member of the San Diego Chapter Board of Officers received a copy of the handbook study guide. It looks very informative. The water chemistry test for new members will start on May 1st. It will be an open book, on-line test. We only have five copies of the handbook; so if you're interested in looking at one, let me know. At our last chapter Board

meeting we discussed transferring funds from the education budget to help support the Water Watcher program. It was decided that the first approach should be to ask IPSSA INC. to support this program financially. Another suggestion was that IPSSA INC. use the San Diego Chapter as a test market to promote the Water Watcher program. It was felt that rather than financially expanding the program to the entire IPSSA organization; a more economical approach would be to subsidize one chapter in order to gauge its effectiveness.

See all of you on February 21st at the King's Inn! Mike Gregg, Pres.

Region 7 News - Director's Report
IPSSA Annual Leadership Seminar and Installation Banquet: 1) Will be held the weekend of Feb. 3. Javier recommends R7 Board members attend or send a chapter rep. It is eye opening to see the big picture. 2) New water chem books by Dr. Lowry will be distributed there. After the weekend, the books will be available for purchase. The books are written in readable language.
Terry Cowles: 1) Terry Cowles, past B.O.R.D. member from R4, passed away about a year ago. He had been instrumental in getting the Benevolent Fund started. 2) A Terry Cowles Memorial Award (like the B.K. Taylor Award) has been established and will be awarded every year at the Leadership weekend. It is an opportunity to recognize excellence in IPSSA members. The first winner of the award will be Terry's widow.
IPSSA Expansion into Florida: Florida Pool & Spa Show Feb. 22 – 24. It will be major. The Florida IPSSA members, part of R9 in Texas, consist of four or five chapters. They are enthused and gaining momentum. This year should be one of massive growth in Florida.

Public relations: IPSSA ads will be run in national magazines and at shows. CDs are being sent to the media. The water safety budget has been doubled to \$30,000.

NPC Plaster Study – 1) November B.O.R.D. meeting was held in San Luis Obispo. Dan Gossage gave an update and tour of the Cal Poly facility. Dan is a wealth of knowledge. He has offered to come to a future TableTop if R7 would pay his air fare. 2) Mark Cerecedes said that Phil Grider, a member of San Diego Metro, is asking the chapter to

pay for him to go to the National Plasterers Council convention in Las Vegas in February and give a report. Phil does underwater repairs and knows plaster. Motion was made by Doug Hausman, seconded by Loyal Johnson and carried unanimously to appoint Phil Grider as R7 plaster rep; all seven R7 chapters will make a one-time donation of \$100 each towards his expenses. Phil will report directly to R7. 3) At the November B.O.R.D. meeting, Javier made a motion to contribute another \$10,000 to the Plaster Council. This is cutting edge stuff going on in the industry. Consensus is that plaster is bad – some companies don't even offer it. Add to that aggressive chemicals. Some companies have to do repairs on 12% of their jobs. The study is bringing the plaster and pool service industries together. 4) Mike Gregg mentioned that his chapter may invite OnBalance to be guest speaker at a meeting.

Insurance: 1) Disability Insurance Benefit – At the Oct. 3, 2006 R7 meeting, Javier asked for feedback from chapters on a disability insurance benefit proposed by Ray Arouesty, Arrow Insurance. Some chapters were for and some against. The B.O.R.D. is doing due diligence by checking with independent insurance companies and will look at proposals at its Feb. meeting. It is a work in progress. 2) Ray reported that an IPSSA member in Northern California is being named in a wrongful death suit. Javier will give R7 updates as he hears them.

SPEC – Motion was made by Ray Duchene, seconded by Mike Gregg and carried unanimously to approve a \$1,000 donation from R7 to SPEC at the Installation weekend.
IPSSA Issues? Javier asked if anyone has any burning issues they want IPSSA to address. 1) Loyal and Doug said they thought Javier was doing a great job. 2) Picnic – Mike said he enjoys the picnic, and it is a good opportunity to meet others in IPSSA, but he heard several people complain that there were not enough people at the picnic. Loyal said there were 300 people this year, and they ran out of food. 3) Education – Javier said he had heard that, when polled, people wanted more education, yet a lot of attendees at TableTop are non-members. Loyal said members of his chapter are hungry for all the information they can get. 4) Standard sick leave policy – Ray Duchene asked if IPSSA was considering a standard policy. Javier said the attorney is looking at it. We probably should have a standard policy, but the problem is that some regions are very different from ours. For instance, R9 in Texas is spread out over a huge area. 5) Dues – R7 dues go towards TableTop, picnic, water safety – media, fairs.
R7 Director position – Javier stated that this is his last year as R7 director, and he has served for four years. It has been an awesome experience – he has traveled and met a lot of people. By October we need a nominee for 2008. He asked Mike to sit in for him at the May and August B.O.R.D. meetings.
