**PRESIDENT'S BRIEFS**  
 My term as your president is coming to an end and I'd like to thank all of you for making this job enjoyable and rewarding. My goals at the beginning of my term were to limit our meeting to one hour, to encourage camaraderie among our members, and to facilitate the completion of projects that were suggested by the Board or chapter members. This was made easier because of the wonderful Board and committee members who did all the work.  
 I look forward to working with our new Board as past President

and know they are going to continue to make our chapter the best IPSSA chapter in California.  
 I'm looking forward to seeing all of you at our Installation dinner on Saturday, December 15<sup>th</sup> at 6:30 at the Bali Hai Restaurant on Shelter Island. Every member will receive a generous gift, so please plan to attend. There will be plenty of food, an excellent band and a beautiful view and location.  
 Mike

While we are looking for more advertising in our 2008/09 photo directory, we have received enough to pay for publication. Jim Bradbury is the contact for directory advertising - the deadline is December 15.

We were saddened to hear that long-time member Carl Hines had passed away. A motion was made to donate \$500 in Carl's memory to the American Diabetes Association. Carl was retired and suffering from diabetes. We express our sympathy to Carl's family, including his son, Jim.

## Don't Miss Out

This is an opportunity to increase your profits by selling your customers on variable-speed pump technology.

As you're aware, beginning January 1st, 2008, new Title 20 regulations prohibit the sale of most single-speed pumps in California. Local utilities are offering one-time rebates to both pool owners and installers when more efficient Pentair variable-speed pumps are used to replace existing, single-speed pumps or in new pool installations.

The Variable-Speed Pool Pump Program is funded by California utility customers and administered by San Diego Gas & Electric Company (SDG&E®) under the auspices of the California Public Utilities Commission, through a contract awarded to Pentair Water Pool and Spa. California customers who choose to participate in this program are not obligated to purchase any additional services offered by the contractor. The trademarks used herein are the property of their respective owners.

And, consumers are more interested than ever in purchasing energy-efficient products now that substantial energy savings have been documented.

Now you and your customers can earn even more. Just attend one of these special training and information sessions to receive everything you need to understand and profit from this opportunity for pool professionals, including installer certification under the Variable-Speed Pool Pump Program.

## Training Session Highlights

- Learn how you and your customers can start getting bigger rebates through the Variable-Speed Pool Pump Program.
- Earn certification as an installer.
- Get trained on set up and operation of IntelliFlo® and IntelliPro™ variable-speed pumps.
- Review updated Title 20 regulations and requirements and what they mean for your business.
