PRESIDENT'S MESSAGE

Happy New Year to everyone. I hope the coming year is successful and profitable for all of you. I want to see the chapter continue on the positive path initiated several years ago. I will work hard, with the help of many, to improve on the progress made. I will initiate new programs, promote our Chapter through the Child Safety and Drowning Prevention Foundation, expand the Skimmer by adding a Chapter Supporter Forum page and a Letters to the Editor page, and follow through on any suggestions you might have.

I want to thank Mike Gregg and Paul Grimes for all their help and guidance. Fortunately, for me, they will be intimately involved with chapter operations during the next two years. My thoughts and prayers go to Mike and his extended family. Mike's youngest brother passed away unexpectedly on New Year's Eve. I'm sure the family is benefiting from Mike's strength, philosophy, and warm sense of humor.

I want to thank Joe Lukacik for all his time, effort, concern, and passion in planning and bringing to fruition the chapter May dinner meetings and the installation dinner parties. This past December party had the largest attendance in the history of the chapter. Fun was had by all and the feedback was nothing but positive. Thank you Joe!

As all of you are well aware, a new and very important program begins this year. The Continuing Education Program takes effect Jan. 1st. Each member must attain ten education points over the next two years in order to remain a member in good standing. This Wednesday's meeting will have a portion dedicated to education. All members who attend the entire meeting will qualify for one point towards their two year total. Mark R. Lane will consolidate an information packed two hour seminar into a twenty

(President's Message - Continued from Page 1)
 minute education segment for our general meeting.

The Table Top event, filled with seminars worth many more points, will be held Sat. Jan. 19th. This event is not only convenient but well worth the time.

If you were voted into the chapter as a new member during the past two years, you are required to arrive at the Table Top event between 7:30 and 8:00 A.M. If for some reason you are unable to arrive during the thirty minute window, you must contact me prior to the event to avoid a fine.

A note to our Chapter Supporters: I'm sure my enthusiasm towards your participation in our chapter has become obvious over the past two years. I consider all of you to be an important working part of our chapter. You provide us with advice, services, and expertise that are valuable assets to our chapter. I hope your continued participation benefits you as much as it does us. I will continue to encourage our members to refer their family, friends, neighbors, associates, and clients your way. You have consistently proven to make us look

good both personally and professionally and we appreciate your attention to detail. Thank you. Hope to see all of you this Wednesday. Cheers, Mark.

**Annual Installation Dinner Dance
 December 15, 2007**

Bali Hai –Shelter Island
 Our annual Installation Dinner Dance was a fun time for all in attendance. The Chapter Installed the New 2008/09 Board.

Thanks to Joe Lukacik for planning this great event.

Board Meeting January 3, 2008

Kensington Grill
 Call to order: 7:09 PM
 Present: James Morketter, Paul Grimes, Jim Bauer, Phil Gardiner, Mark Curran.

Mark Curran said that the Kensington Grill would be the regular Board meeting location for the next year.

New members will now receive T-shirts and a "Close the Gate" decals as part of their membership.

Stephen Heyer and Phil Gardiner will assist Bill Peck with new membership.

Perry Mediate and Jim Hines will continue as sick leave chairmen. Brian Davis will continue as education chairs, be rejoined by Stephen Heyer and Jon McArthur will handle the Continuing Education Points Program.

Jim Holmes and Michael Lewis are the new entertainment co-chairs.

Pat Farior and Dale Eppard will continue as product testing chairs
 Jon McArthur will continue as manufacturer's rebate rep.

Paul Grimes is the Website chairman. Paul will also continue producing the Skimmer.

John Silcox will continue as chairman of child safety and drowning prevention.

Our new Region 7 director is Chuck Gough.

Mark Curran and Jim Bauer will be attending the IPSSA leadership seminar in February.

Mark Curran said that the skimmer would be expanded to include a "Letters to the Editor" section. All members are welcome to submit articles. Space will be provided as well for our chapter supporters to publish information.

Meeting adjourned 8:20 PM

Committee Reports

Sick Leave: Perry Mediate - Stan Sheppard will go out sick starting 1/21/08. No other details at this time.

Continuing Education: Brian Davis- Brian will present a report at the general meeting.

Insurance: Bob Fowler- Bob has nothing to report at this time, but will probably have a "Good of the Order" at the general meeting.

Safety/Drowning Prevention: John Silcox- John has nothing to report at this time.

New Members: Bill Peck- We have one prospective member in process. January will be the third meeting for Charles del Castillo of Sea & Sun Pool Service.

Website: Paul Grimes- www.ipssasandiego.com has lots of chapter information and archives. If you get a call for service out of your area, refer potential clients to www.poolservicepros.com to find a chapter member by Zip Code.

Letters to the Editor

Members and Chapter Supporters may submit letters or articles for posting in the Skimmer.

Paul Grimes - aquawise@cox.net, Fax 619-223-4523 or Mark Curran - mtcurran@cox.net, Fax 619-444-6143

As an IPSSA San Diego member for over 25 years, including many years of service on the Board and committees, I'd like to thank the outgoing Board for their service and their innovation.

The effort to feature and discuss the Chapter Supporters to a much greater degree was helpful in a couple of ways. It made them more visible to the membership, and they also got a better shot at interacting with us.

Reorganizing the monthly meeting was also productive. The work of the committees and Board meetings was discussed in the Skimmer. This left our meeting time free to highlight hot topics or speakers. Shorter meetings also give a better chance for member interaction before and after.

I look forward to our new Board as we move unto the new year.

Sincerely, **Marc Stewart**

A few thoughts on the new year!

For the second time in three years there were devastating wild-fires in our county with widespread destruction and loss of property. I have several clients who live on canyons with no brush cleared and they seem to be in no big hurry to clear away the growth. To these same people I have brought to their attention the portable fire pump (see it at superior san diego) made by one of our own in San Diego. It was even featured in one of the news stories about people who managed to save their home and their neighbor's homes with it. Cost: \$1,900. Cheap even if you use it only once.

Everybody has an excuse not to buy it, including two who were burned out the first time around. Me - if I lived on a canyon in San Diego County and didn't have a pool, I'd put in a water tank and have my own portable fire dept. Go Figure!

Coming up Jan. 19th, is the region table top show, and in march is the Western Show in Long Beach. These are excellent times and places for Education points for the year. Two Saturdays of your time and you practically have all the

points needed. These seminars are great just as refresher courses as well. One guy told me last year that at the western show he took the intermediate electrical class. Before the class started he felt he might not be able to keep up with the class. Turns out he knew most of the subjects already but that it was very valuable to him as a refresher class and he went home feeling pretty darn good about his job skills. It's never too late to learn how to increase your own bottom line. See you at the meeting!

Stephen Heyer, Blue Water P & S
Education Committee

The Independent Pool and Spa Service Association (IPSSA) was initially formed in 1988, as a result of a merger between IPSSA and Cal-IPSSA. These two organizations were a part of the original association founded in 1961, bringing pool service technicians coming together to help each other in times of illness, injury, or disability.

IPSSA begins with the individual member who belongs to a chapter. Each IPSSA chapters hold monthly meetings and provide educational opportunities for its members. While each member operates their own independent business, all IPSSA members are professionals that must adhere to the organization's By-Laws and the Code of Ethics.

I first joined the organization in 1986, because I wanted and needed to know everything possible about the business I had just decided to get involved with. I volunteered to be the Secretary at my very first meeting, simply because I knew NOTHING – but I did know that I was going to need help and by giving back to the organization, I would get to know the BEST and most talented people available.

Our Chapter has had many leaders and in my opinion, each one has extended themselves to ensure that our focus remains on the membership. I honestly feel that in the past five years our chapter has made monumental growth, but still, our officers continue to present the image of people who care about the future of members, our industry, and our society.

Many of our new members may not be aware that IPSSA is one of the only trade associations in the world offering programs such as Sick Leave and that the San Diego Chapter has been instrumental in starting many of the programs adopted by the organization.

I am proud that to be affiliate with the type of people in our chapter and even more appreciative of what each of the our past & present Board of Officers has done to increase the image of IPSSA and its members.

Respectfully, **AJ Wilson**
Like New Pool

Well, here it is 2008 already and the chapter is doing just fine. It seems that in the last couple of years we have grown significantly! I am sure there are many good reasons for this growth. Among a few reasons are: Top notch leadership, All of our board officers, (both past and present), seem to be just great people. They gently pull us along to better our organization and ourselves. In regards to these top quality people, have you ever noticed, generally speaking, how nice everyone is to each other. Most of our members will go out of their way to help each other, without the "condescending attitude" that sometimes happens in so many other professions or organizations.

We have great special events committee and chairs which organize and make happen a variety of events such as –The Summer Picnic, Meeting Dinners, End of the Year Installation Dinner and various tabletop displays and shows, etc..., and wonderful Chapter Supporters.

In closing we would like to welcome all of our new and recently new members to the organization. And please, don't be shy. Get involved with the special events or committees, because we could use your help and it is a great way to get to know the other members.

Stay ahead of the curve with technical training

Our workshops are offered in two-day formats to meet your specific training requirements. Every workshop is a unique learning environment that provides you with in-depth knowledge for specifying, installing, troubleshooting, and servicing today's most advanced pool equipment.

Topics include:

- Basic Hydraulics and Equipment Sizing
- Automation
- Variable Frequency Drive Pumps
- Heater Installation and Repair
- Basic Electrical Theory
- Color LED and Halogen Lighting Safety and Installation
- Automatic Chlorine Generation
- Filtration and Advanced Water Features
- Heat Pump Installation and Operation

Visit www.pentairtraining.com for specific topics in your area.

Two-Day Workshops:

- Day One:** Basic Hydraulics and Market-Specific Topics
Day Two: Heater Installation and Automation

Standard Workshop Times: 8:00 A.M. to 5:00 P.M.

Pool equipment technology is changing fast

We've packed our workshops with new information about the latest developments in controls, pumps, heaters, lighting, filtration, water features and chlorine generation. Our experienced instructors and detailed course materials and training aids will give you the real-world techniques and know-how that fuel customer satisfaction and higher profits.

Basic Hydraulics and Equipment Sizing: Learn how to calculate volume, turnover, and dynamic head in addition to pump and filter selection, plumbing, pipe sizing, and system head curve plotting.

Automation: We'll take you through an actual planning, designing, and programming project—you'll learn the complete process, from scoping and sizing the job to final programming.

Variable Frequency Drive Pumps: An introduction to today's most important development in pool equipment—learn how VFD pumps work, how to apply them, and why they are the single biggest and most profitable retrofit opportunity in industry history.

Heater Installation and Repair: Topics include the gas, air and electric requirements for proper heater operations as well as troubleshooting techniques.

Basic Electrical Theory: We'll cover the fundamentals of electricity, electrical grounding and bonding, circuit testing and lighting safety and installation of the industry's brightest and most vibrant LED and halogen color-changing lights.

Additional topics will be covered if time permits.

(See back panel for more details.)

I, the undersigned, waive any and all claims against IPSSA, Inc, IPSSA Management Company, IPSSA Chapters and/or its individual members, arising out of my participation in the IPSSA Sick Leave Program, including, but not limited to claims for lost income resulting from improper maintenance performed by IPSSA members. I have read and understand the standing rules for the Sick Leave Program and agree to participate in that program.
