MISSION VALLEY RESORT
875 HOTEL CIRCLE SO.

APRIL

SAN DIEGO CHAPTER MONTHLY NEWSLETTER

2012

President's Message

Greetings IPSSA San Diego. Spring is upon us and swim season will soon be in full gear. Be sure to give yourself a little "Spring Break" before things heat up. Also, consider implementing a service rate increase to offset the rising cost of materials i.e. acid, gas, etc. We are the best in the business and should be compensated accordingly. Your financial and personal health is paramount. Take care of # 1!

Some of you may have heard that Honorary Member A.J. Wilson recently had a stroke. Please keep A.J. and wife/member Cynthia, in your thoughts and prayers. A.J. is working hard in therapy and has already regained some of the abilities that were effected.

A.J. Wilson is my hero. He served 7 tours of duty fighting for our country in Vietnam. Gunnery Sergeant Wilson bravely survived injury in the field of battle. He has been a leader for IPSSA, serving as President of our Chapter and Director of our Region 7. He is

currently devoting his efforts to assist returning service men and women that have been injured in the line of duty. He represents *Operation Warrior Wellness* and personally spends time with wounded soldiers here at home.

A.J. has done all of this with an incredible amount of positivity, that rubs off on everyone he meets. His speeches and leadership have inspired us all. The Board has reached out to A.J. and Cynthia and pledged our support to help them through this challenging time. Please join me, if we as a chapter are called to duty, to assist in any way we can. When one of our Brothers is down we must rise up in support.

Mike Anderson

\$\$\$ 3 Pentair FNS 60 filters are still available for members to purchase at 80% Superior Pool Product prices, that's 20% off, over \$100.00 savings. To purchase a filter, you must walk in to Superior San Diego with A check for \$450.00 made out to IPSSA San Diego Chapter .You will have to buy the backwash valve.

Questions call Gary Sevigny 858-486-9220.

General Meeting – 3/21/2012

Call to order at 7:07 PM.

Pledge of Allegiance – Jim Bradbury

Officer Reports

Secretary's Report – Matthew Sweeney; 7:16PM. March 7th Board Meeting Minutes were approved. Skimmer add-ons are due one week after the Board Meeting.

Treasurer's Report – Pat Nieratko: We have been doing very well financially.

Vice President – Joe Dianna announced two guest speakers, Russ Peterson of Capstone Pool/Spa and perspective chapter supporter Aflac.

Mike Anderson brought attention to a very Important Spec Alert, in regards to sales tax on monthly pool service.

Jim Bradbury and Bob Miller spoke on behalf of honorary member Peat Burk;

7:30 PM. Chapter Supporters introduced themselves in the front of the room.

Vice President, Joe Dianna, introduced fist guest speaker Russ Peterson of Capstone Pool and Spa. Russ offered full service, remodels, and repairs.

Joe introduced second guest speakers Paula, Britney and Ralph of Aflac. Paula described Aflac rates and plan descriptions.

James Morketter attended the Symposium and spoke briefly on drowning tools and new ideas.

James mentioned a blood drive on

March 10th, which was at 8:00 AM.

John Silcox reported there are no

prospective members at this time.

Entertainment Committee spoke about upcoming an Padres Game. The tickets cost \$70 each, and 32 seats are available.

Raffle –

\$50 raffle ticket = Michael Smith

50lb. bucket of tabs = Ken Dirkse

\$50 gas card = Jim Bradbury

Meeting Adjourned 8:35 PM.

Board Meeting – 4/11/2012

Call to order 7:04 PM.

First order of business – IPSSA member

appeared before the Board to air his

grievance of Sick Leave Coverage.

Attendance – Mike Anderson, Joe Dianna, Matthew Sweeney, Mark Curran, Pat Nieratko and guest Paul Grimes.

Son Energy is Solar Pool Heating Perfected with Free Clean Energy from the Sun!

Professional, certified and quality workmanship! Over 30 years experience!

- ✓ Patented and leading panel design approved by SRCC, ISO and SEAL
- ✓ Full flow design eases burden on filtration equipment
- ✓ Roof friendly applications
- ✓ World's leading panel manufacturer
- ✓ Ultimate Peace of Mind Lifetime Warranty
- ✓ Guarantee your clients the best with a maintenance free solar system by Son Energy

Earn extra money when you refer a client for a Hot Water or Photovoltaic system!

SPEC ALERT

March 19, 2012

REQUEST FOR GRASSROOTS ACTION!!!

Oppose Service Tax Proposals

Last week, SPEC sent out an Alert informing members that two bills were introduced in the California State Legislature that would establish a tax on pool service by adding sales tax to the monthly billing for such services.

AB 1963, by Assemblywoman Alyson Huber, would impose a blanket 4% tax on all services, except for medical, educational, auto repair, tax preparation, legal and agricultural services.

The second measure, AB 2540 by Assemblyman Gatto, specifically names "pool maintenance" as a one of the target list of 27 services where state sales tax would be imposed. To comply with the bill, pool service professionals would be required to add sales tax to their monthly invoices for pool services.

"These two proposed bills are sure to garner a lot of opposition from those that provide the 27 services targeted by this legislation," said John A. Norwood, President of SPEC. "Pool and spa professionals have been targeted by these bills. SPEC and the service industry need a strong showing in opposition to defeat these ill conceived measures."

AB 2540 is currently scheduled to be heard in the Assembly Revenue & Taxation Committee on April 9th. AB 1963 is also awaiting hearing in this committee.

SPEC is strongly opposed to both of these measures and needs YOUR help. We are asking pool service professionals and their employees to write a letter to Assemblymembers Huber and Gatto registering your opposition. In addition, send a letter to the members of the Assembly Revenue and Taxation Committee if you live or work in the district of one of the members of this committee.

SPEC has provided two templates for you to use in writing your letter. Please try to add as many details as possible to make the letter more personal. In addition, it is very important for you to let them know if you are a constituent (live in their district). If you need to look up your legislator(s),

please visit:

<http://www.leginfo.ca.gov/yourleg.html>.

For your convenience, attached to this Alert is a list of all of the members of the committee and their contact information. You will also find templates for letters attached

"Ideally we can generate hundreds of letters of opposition to the legislators on this committee," stated Terry Snow, SPEC Board member and IPSSA representative. "Contact from district constituents can sway a legislator's vote. It is very important that you ACT NOW! This is an important issue that affects YOUR business," continued Snow.

Should you have any questions, please contact SPEC at (916) 447-4113.

April 4, 2012

SPEC Sets 2012 Legislative Agenda

Last week, SPEC sent out an Alert informing members that two bills were introduced in the California State Legislature that would establish a tax on pool service by adding sales tax to the monthly billing for such services.

The California Legislature is in full swing. Over the next month legislative policy committees are scheduled to hear the over 2,000 new bills that were introduced during the first two months of the 2012 legislative session. February 27th was the last day to introduce new bills for the 2012 session and those bills have to be in print for 30 days prior to being heard in a legislative policy committee. In March the SPEC Legislative Committee met to review the bill introductions and to establish positions on a number of bills. These positions of support and opposition provide SPEC with its lobbying duties and sets the SPEC Legislative Agenda for 2012.

Topping the SPEC Legislative Agenda for 2012 are two bills that seek to add the state sales tax to those businesses that provide services in California. Currently the sales tax only applies to goods. AB 2540 would expand the application of the sales tax to 27 specified services, one of which is "pool maintenance". The bill would require that pool service professionals add the state portion of the sales tax, 6.5% to the monthly service billing, or otherwise submit an amount that equals this number to the Franchise Tax Board. AB 2540 is currently scheduled to be heard in the Assembly Revenue and Tax Committee on Tuesday, April 10th. SPEC has issued a grassroots alert in

order to garner letter of opposition to this bill. The Alert includes information on the bill, suggested letters of opposition and a guide to identifying your own state Assembly Member or Senator to call or write.

The second "service tax" bill is AB 1963 by Assemblywoman Allison Huber. AB 1963 would impose a 4% state sales tax on all services except medical, education, automobile repair, tax preparation, legal and agricultural services. The bill would also make various other changes to the tax code, including reducing personal income tax rates and increasing the standard personal tax deduction. SPEC has joined numerous other industries, Chamber of Commerce and professional groups in opposition to this legislation.

The National Swimming Pool Foundation is sponsoring a bill this session, AB 1726, which would require owners of public pools to employ or contract with a pool maintenance person that is certified as a "qualified pool operator". In order to become a qualified pool operator a person would have to take pool operator training class, pass a written examination and pay a registration fee. The public pool operator course would consist of at least 14 hours of instruction covering topics such as water disinfection, water chemistry, operation and maintenance of mechanical systems. The public pool operator course would have to be registered and approved by a local enforcement agency (Health Department). SPEC voted to tentatively support this legislation so long as there is reciprocity with all the county health departments and other technical amendments can be worked out.

For years pool builders have complained about so-called owner-builder projects where the homeowner hires a consultant to assist him or her in the construction of the pool. AB 2237 would require such consultants to obtain a contractors license. The bill would define a contractor as a person who provides or oversees a bid, arranges for and sets up work schedules, or maintains oversight of a residential construction site. SPEC supports this level playing field bill.

Another issue in the underground economy is general contractors who hire a licensed subcontractor and then turn a blind eye where the subcontractor pays minimum wage and cash or otherwise violates the wage laws to the disadvantage of legitimate

subcontractors. AB 2228 seeks to address this situation by making the general contractor for construction projects responsible for any debt owed to a wage claimant for labor incurred by a subcontractor or contractor performing services on the construction project under the contract. The bill would authorize civil actions to enforce this liability. SPEC voted to support this bill.

The Contractors State License Law provided for licensure and regulation of contractors by the Contractors State License Board. Under existing law the CSLB has jurisdiction over a licensee even where the person's contractor's license is expired, canceled, forfeited, suspended or voluntarily surrendered. However, the CSLB does not maintain jurisdiction where the contractor's license is revoked. AB 2554 is the remedy to this situation and is supported by SPEC.

One of the challenges of the state in attacking the underground economy is that there are 6 or 7 state agencies that have overlapping responsibility in enforcement. SPEC and other construction organizations have urged these agencies to use more technology in these enforcement efforts. SB 691 adds the Contractors State License Board to the list of governmental entities that the Employment Development Department may share information with for the purpose of aiding any specific workers' compensation fraud investigation. SPEC supports this bill.

On this same theme SB 1185 would create a multiagency partnership, to be known as the Centralized Intelligence Partnership, to collaborate in combating illegal underground operations by, among other activities, providing a central intake process and organizational structure, with an administrator and support staff to document, review and evaluate data and complaints.

SPEC supports this bill.

SB 1234 would establish the California Retirement Savings Plan, under which voluntary contributions from employers and employees would be pooled into a public retirement fund. Employers who do not offer their own retirement plans (such as a 401k) would be required to allow their employees access to their payroll system to send automatic employee contributions to the plan. The bill would provide for a phase-in employee participation into the Plan. For employers with 100+ employees, employers must make the Plan available

to their employees and access the payroll system within 3 months of the Board opening program for enrollment. For employers with 50+ employees, within 6 months. For employers with 5+ employees, within 9 months. SPEC opposes this bill

There are various other bills relative to regulatory reform, worker's compensation, energy and water, contractors and labor and employment that SPEC will continue to monitor. Many of these bills were introduced such that they were placeholder bills, which means they will be amended later to fully indicate what changes in law the author or sponsor of the bill intended. As most bills are amended an average of 5 or 6 times, it is important to continue monitoring developments with these bills on topics of interest to SPEC members.

In addition to legislation, SPEC is currently involved in at least three sets of new proposed regulations that will affect SPEC members. The California Department of Public Health (CDPH) is currently in the process of regulatory proceeding re Title 22 public swimming pool maintenance. A SPEC subcommittee has already met and prepared initial comments that have been submitted to the Department of Public Health. The next step in the process will be a stakeholders meeting with the department to raise issues, discuss concerns and make additional recommendations relative to these regulations. The CDPH is also beginning the process on the next cycle of Title 24 building codes relative to public pools. SPEC was a very active participant in the just completed Title 24 new building codes. That process was finalized at the end of 2011 and the new codes will be in effect on July 1, 2012. The next cycle begins in June of 2012 and will be complete with additional updates building code for public pools effective 2014. This is an 18 month ongoing process. Lastly, The California Energy Commission has just noticed that it intends to update the energy codes relative to appliances, which includes pool pumps, pool heaters, pool controllers and lighting. This is another regulatory proceeding which is expected to last throughout 2012.

All in all, SPEC plans to have a very busy legislative and regulatory schedule for 2012. The issues highlighted above set forth some of the key issues and activities. As always, new issues will arise as bills are amended or events unfold that affect the pool and spa

industry. SPEC will issue *SPECAlerts* regularly as events unfold.

April 12, 2012

LAST CHANCE TO GET YOUR LETTERS IN FOR POOL TAX BILL!!

This week is your last chance to get in a grassroots letter in opposition to AB 2540!

As we have stated in previous alerts, AB 2540 by Assemblyman Gatto specifically names "pool maintenance" as a target on the list of 27 services where state sales tax would be imposed. To comply with the bill, pool service professionals would be required to add sales tax to their monthly invoices for pool services. It is one of two measures that would impose a tax on services. AB 1963, by Assemblywoman Alyson Huber, would impose a blanket 4% tax on all services, except for medical, educational, auto repair, tax preparation, legal and agricultural services.

AB 2540 is currently scheduled to be heard in the Assembly Revenue & Taxation Committee on **April 16th!!**

SPEC is strongly opposed to AB 2540 and needs YOUR help. We are asking pool service professionals and their employees to write a letter to Assemblyman Gatto registering your opposition. In addition, send a letter to the members of the Assembly Revenue and Taxation Committee if you live or work in the district of one of the members of this committee.

SPEC has provided a template for you to use in writing your letter. Please try to add as many details as possible to make the letter more personal. In addition, it is very important for you to let them know if you are a constituent (live in their district). If you need to look up your legislator(s), please visit: <http://www.leginfo.ca.gov/yourleg.html>.

For your convenience, attached to this Alert is a list of all of the members of the committee and their contact information. You will also find the templates for letters attached.

"Ideally we can generate hundreds of letters of opposition to the legislators on this committee," stated Terry Snow, SPEC Board member and IPSSA representative. "Contact from district constituents can sway a legislator's vote. It is very important that you ACT NOW! This is an important issue that affects YOUR business," continued Snow.

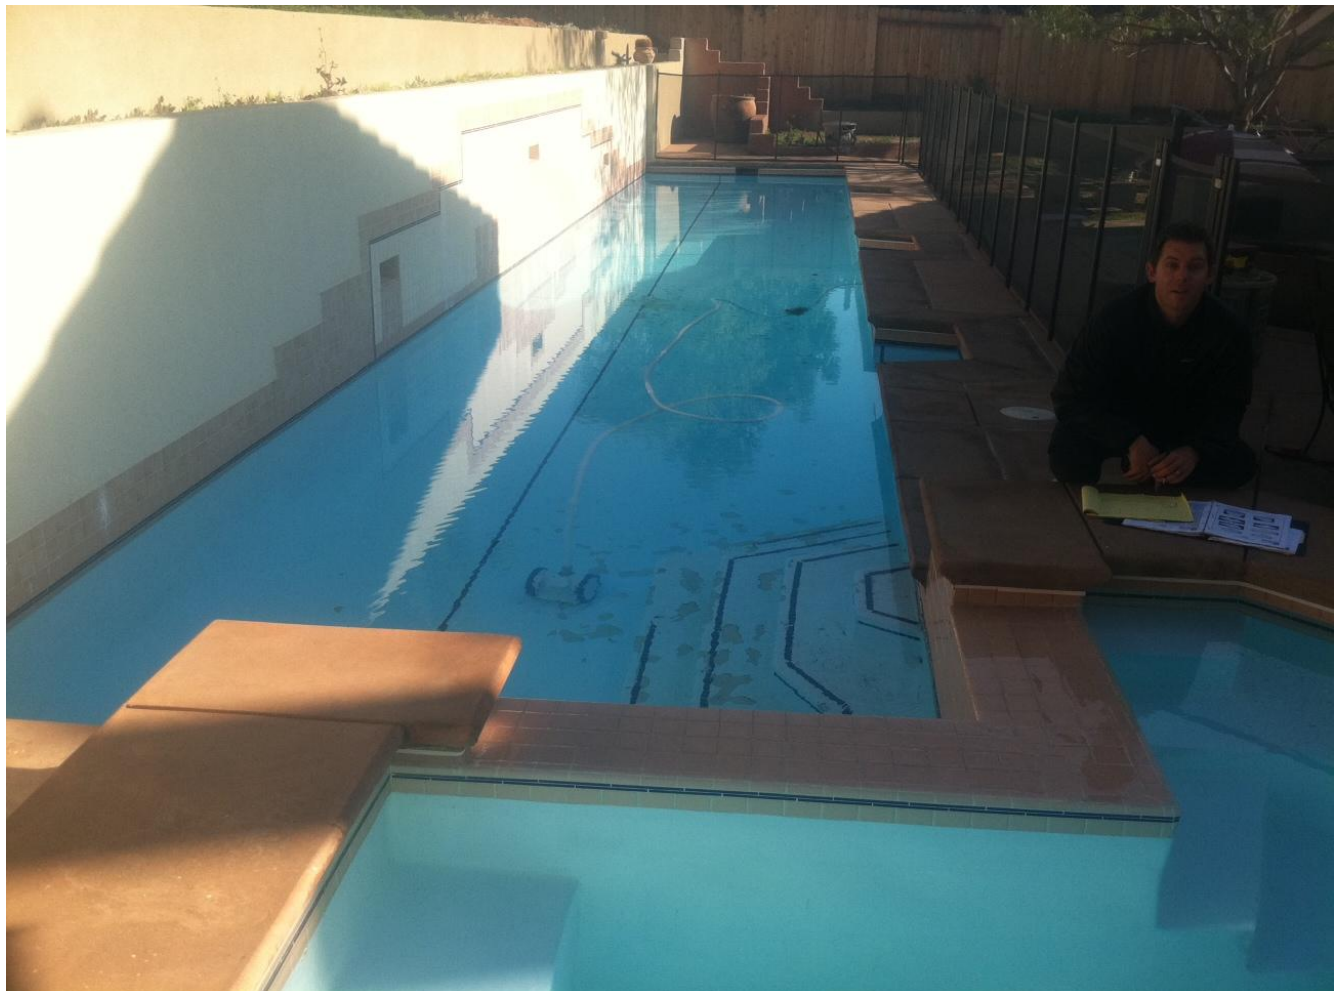

Poolscape Unlimited Inc. – Doing Business By The Golden Rule Since 1983

This beautiful masterpiece was done in the matter of two weeks for a delightful lady who decided she wanted to have her complete back yard transformed weeks before delivering her new child.

The pool remodel was only part of the scope of the project. The challenge of coordinating between the contractors was only surpassed by the raging hormones of a pregnant lady getting ready to have her baby insistent that the whole project be complete before her due date rain or shine.

Poolscape Unlimited Inc. delivered.
