SAN DIEGO CHAPTER MONTHLY NEWSLETTER

2017

General Meeting Wed. 11/15/17 - 7pm, Admiral Baker Clubhouse PIZZA!

Holiday Party/Installation Dinner Friday Dec. 8, 2017: 6 --10 pm

DoubleTree SD 1515 Hotel Circle

Rooms Available at Special Rate

Save the Date: Region 7 Table Top Show Sat. 1/27/18

President's Message

November is my favorite month of the year. It is a time to reflect and be thankful even though it may have not been the best of years or there may have been tough challenges or loss. We want to take the time to honor our veterans and active military personnel for giving us the freedoms we have. We want to invest and focus on ourselves, to get physicals and skin cancer screenings, and finally take a deep breath after a long hot summer season.

Thanks to everyone who helped make the October mandatory meeting run smoothly. Congratulations to our new 2018-19 Chapter elected Board. James Morketter will be our new President, Adam Haynes Vice President, Seth Rauscher Secretary and Jim Bauer Treasurer. Congratulations also to Adam Haynes for the well deserved win of the 2017 B. K. Taylor Award and IPSSA Terry Cowles Award nomination, and to Kristal Cavender with Freedom Solar for the

winning the 2017 David Courey Chapter Supporter Award. Thanks to everyone who donated to the City Heights Swim Center. With the generous giving from our members and the matching that comes from the Chapter, and Table Top, we will be able to present a check for over \$5000.00 that will go to providing swim lessons for those not able to afford them!

I want to encourage you all to come to the November general meeting this Wednesday, the 15th. Come hear about some exciting changes coming from IPSSA Corporate and the nomination and confirmation of our newest Honorary member. We will also hear some great "Tricks of the Trade" from one of our members. Oh, we will also be serving PIZZA! See you at the November general meeting.

I look forward to seeing you there!

Michael Harris
San Diego Chapter President

CPSA Scores Another Win Against Water Restrictions

As indicated in a CPSA Alert published on October 17th, the California Pool and Spa Association is far from done responding to potential drought restrictions on filling new and existing swimming pools and spas during certain water emergencies. Even though the drought in California is over, cities must periodically file update their Urban Water Management Plans and Water Shortage Contingency Plan as part thereof.

The City of Lathrop, just South of Stockton in Northern California, was in the process of doing just that when the CPSA received notice that the proposed Ordinance contained a prohibition on filling swimming pools and spas in Stage III, 30% Water Use Reduction. This prohibition applied to both new and existing swimming pools and spas.

CPSA's Executive Director John Norwood attended the City Council meeting on Monday, October 16th to object to the proposed fill prohibition. Additionally, the association contacted City staff that afternoon to discuss its concern. The Ordinance had actually been through its first reading at the City's meeting two weeks earlier and was scheduled for the consent calendar. After Mr. Norwood's presentation, City Council Member Martha Salcedo moved to vote on the consent calendar, absent the proposed water emergency ordinance. She asked that the water emergency ordinance be put over so discussions could occur with staff and CPSA until the next City Council meeting on Monday, November 6th.

Discussions with city staff did occur and CPSA was notified this week by the City's Director of Public Works that the Ordinance was being revised and the prohibitions on filling new and existing pools were being removed. The only provisions that remain in the Ordinance are in Stage II, 20% Water Reduction, requiring swimming pools and spas be covered when not in use.

The City of Lathrop is just the most recent example of why CPSA and the industry must remain steadfast in its response and opposition to proposed laws and ordinances that would potentially shut down the swimming pool and spa industry in certain drought or emergency water situations. Swimming pools and spas are not water wasters, a fact confirmed by numerous local water districts, the state Department of Water Resources, and the California Water Quality Control Board. However, nobody is going to make this point for the industry. Unless the industry continues to speak up and fight against such restrictions, the construction as well as the servicing of swimming pools will be adversely affected by such proposals.

CPSA, the California Pool and Spa Association, serves as the statewide public policy representative for the pool, spa, and hot tub industry. We advocate on behalf of industry interests before the California Legislature and state and local regulatory agencies, and for individual members dealing with enforcement issues. Working daily on the industry's behalf, we have an unmatched track record in successfully negotiating and fighting against unreasonable and costly legislation and for enforcement of unlicensed contractor laws. CPSA promotes the highest standards of professional conduct in pool construction, service, and repair, and seeks to educate the public on the proper maintenance and safe use of swimming pools, spas, and hot tubs. For nearly 40 years, CPSA has been the only organization registered to lobby at the State Capitol on behalf of the pool, spa, and hot tub industry. CPSA is funded by membership dues and donations. For more information on CPSA and legislation we are watching, call 916-447-4113.

I, the undersigned, waive any and all claims against IPSSA, Inc, IPSSA Management Company, IPSSA Chapters and/or its individual members, arising out of my participation in the IPSSA Sick Leave Program, including, but not limited to claims for lost income resulting from improper maintenance performed by IPSSA members. I have read and understand the standing rules for the Sick Leave Program and agree to participate in that program.
