JULY

SAN DIEGO CHAPTER MONTHLY NEWSLETTER

2018

July 18 General meeting:

Speakers: Dale Eppard explains new CA Employee/Sub-Contractor laws / Fire Department's Brian Moore on Water Safety / Rob from Leslie's Blood Drive 7/21, Meet at Lemon Grove Café, 8am free breakfast
Blue Cards are Due by the July 18th Meeting. [Online submissions](#)
Or bring to meeting, or mail to Paul Grimes, 936 Moana Dr SD 92106.
If mailed, must be postmarked by 7/18/18

President's Message

I know, I know...Summer is here. It's hot. I mean REALLY hot. It's so hot that you don't need me to remind you of it. So I won't. Just pretend you didn't read that last part...

But the weather isn't the only thing I want to write about. There's a meeting on July 18 I'd love for you to attend. Our own Dale Eppard will give a presentation about new California laws regarding employees versus sub-contractors. Do you know the difference? Do you use either..or both? If so you should attend and hear the information.

Your Blue Card is due by midnight on July 18 as well. **Yes you still have time to complete Online – Or bring to meeting or mail – See info above.**

Looking ahead, we will be offering CPR training in September. This is a skill that every pool service professional should have. We will have our Summer

Break event at SCP San Diego in August. And Yes, attendance will count as a meeting. You could even win an FNS filter if you attend..!

Finally, on a personal note, I want to say THANK YOU!! to every one of you who took care of my pools while I was having chemotherapy treatment. If you are wondering, I am feeling well and happy that I haven't had any negative side effects...so far. It was a huge relief to know that my pools, and my clients, were in good hands. I will be having another round of treatment the week of July 30 through August 3. If you were assigned a pool, please plan on servicing that same pool that week. If you have any questions please contact me.

Liquid Sandblast

Tile Restoration Sealer

- ▶ Resists Calcium Build-up
- ▶ UV-Resistant
- ▶ Tile, Stone, Masonry

Tile Restoration Sealer (TRS)

is a water-based thermoplastic acrylic emulsion sealer for resilient tile, concrete and masonry surfaces. Unlike most modified sealer-finish formulations, TRS has been formulated to provide comparable or better performance than aqueous acrylic-urethane systems typically found in the market place today. Not affected by UV rays, will not yellow, reduces calcium build up and makes clean up substantially easier. Gives tile a wet appearance.

DIRECTIONS:

Preparation: Surfaces must be clean of all dirt, oil and grease prior to application. Hard water deposits should be removed using **Liquid Sandblast Tile Cleaner** prior to sealing.

Application: Apply 1-2 coats. Using a sponge or other suitable applicator, apply a thin coat of TRS, overlapping each pass. Under normal conditions, only 30-40 minutes dry time is required. If weather is very humid or damp, longer dry times and fewer successive coats may be necessary.

Coverage: Approximately 180 square feet per 32oz bottle, based on 2-coat application.

Warning: Make sure product does not run off tile onto pool surface, as it may show up as a discoloration.
