President's Message

Hello Fellow IPSSA Members,

I'm sure you've been hearing all about "social distancing," "shelter at home," "wash your hands," "don't touch your face," and "wear a mask" during the past several weeks. Please take all precautions to remain healthy and safe for yourself and all you come in contact with throughout your daily activities. Our San Diego Chapter IPSSA Board has decided to cancel the upcoming general meeting scheduled for April 15th (no surprise) and will wait to see how things progress regarding the May 20th general meeting as to whether or not we will meet during that month. Your Blue Card is due this month (April) so please fill out the information on-line to avoid a fine. As we weather this virus storm we hope none of you come down with

COVID-19 but it illustrates how important it is that we have your Blue Card information should one of our members becomes sick and needs us to perform Sick Leave coverage. So get that Blue Card filed on time!! Thankfully, pool and spa service is considered an essential service and our suppliers are committed to providing us with the chemicals and equipment we need to ensure that the pools and spas we are responsible for are being maintained properly to confirm that our customers are safe to enter their pools and spas. All the best to all of you during these uncertain times.

Regards,

Mark T. Curran

IPSSA SAN DIEGO CHAPTER CONTINUING EDUCATION

General Meeting

April 15, 2020
~~CANCELLED~~

The CDC has released [guidance on COVID-19 and water transmission](#), including information on recreational water transmission. We encourage you to share this information with your organizations and others who may have questions about COVID-19 spreading through water.

Specifically, the CDC guidance states:

“There is no evidence that COVID-19 can be spread to humans through the use of pools and hot tubs. Proper operation, maintenance, and disinfection (e.g., with chlorine and bromine) of pools and hot tubs should remove or inactivate the virus that causes COVID-19.”

This guidance and other water-related guidance can be found at www.cdc.gov/coronavirus/2019-ncov/php/water.html. For more information about CDC’s recommendations for proper operation, maintenance, and disinfection of public pools, visit www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html.

Our thoughts are with everyone who has been impacted by this outbreak so far. We will continue to update you as any additional CDC guidance related to recreational water and COVID-19 becomes available.

Sincerely,
Kristie Riester, Executive Director
The Council for the Model Aquatic Health Code
