SEPTEMBER

SAN DIEGO CHAPTER MONTHLY NEWSLETTER

2020

September General Meeting is CANCELLED due COVID-19

We're holding a Zoom meeting in Sept. – E-mail to follow with date/info

We will hold an in-person meeting when Admiral Baker opens for business.

See Education page for information on Raypak rebates and webinars

Blue Cards are due by October 21, 2020.

See Minutes page for more information

President's Message

Hello Members and Chapter Supporters,

I hope all of you are staying healthy and avoiding this horrible virus. Thank goodness, so far this year, our Chapter members have avoided becoming ill and the Sick Leave Program has remained dormant but ready for action if necessary. Members and Supporters, please continue to remain diligent for your own safety and the safety of others. As you know, because of the pandemic, all of our trade shows were cancelled along with in person training seminars.

We haven't been given permission by the State of California to meet indoors in groups of more than ten and Admiral Baker has not opened yet to host our events. It is not looking promising that we will be able to meet together this year. What we will do later this month, possibly Wednesday September 23rd or 30th is attempt to host a Zoom meeting for all of you to join in attendance if you so desire. More

information will be sent to you in the near future. With all the money the Chapter is saving without having to spend on meetings, picnics, dinner meetings, and the annual Installation dinner, we will be able to provide some nice perks to everyone attending the upcoming in-person general meetings when we get back on schedule. Hopefully soon.

To all of our Chapter Supporters feel free to communicate with all of us via the upcoming monthly Skimmers by taking advantage of a free, half-page ad through the rest of 2020 - say whatever you'd like – promote your business, or anything your comfortable to share – we'd love to hear how you're doing on a personal or business level though these difficult, challenging times.

Kind regards,

Mark T. Curran

SEPTEMBER BOARD MEETING

Wednesday September 2, 2020 7:10 pm

Attendees... Mark Curran, Gary Roberts, James Morketter, Jim Bauer, Fernando Chavez.....

Still no in-person General meetings scheduled as for now.... The Skimmer is our only way of communicating with our members and Chapter Supporters until we organize a Zoom meeting...

We have finally received a new updated member roster from IPSSA Inc.

There will be no Region 7 Table Top in January 2021....Due to Covid....Members should be reminded to look elsewhere for Continuing Education points....

Discussion on ideas to make the Skimmer more interesting for our members....

Discussion of having at least one meeting this year, maybe an outdoor meeting in a park or parking lot for our general mandatory meeting for October...also ideas for maybe a SCP type gathering for our members and also getting the chapter supporters involved...

Meeting adjourned...7:50pm

Blue Cards are due October 21, 2020

In 2020 we moved the Blue Card dates to a 6 month interval of April and October. The October Blue Card submission date is October 21, 2020.

The easiest submission is via our website: <http://www.ipssasandiego.com/bluecard.html>

You can also print a Blue Card: <http://www.ipssasandiego.com/bluecard15.pdf>

Please US Mail any paper Blue cards with a postmark before or on 10/21/20 to:

Paul Grimes
936 Moana Dr
San Diego CA 92106

Chapter Supporter Advertising

Due to the pandemic person to person contact at our meetings has not happened. While we have phones and e-mail for members and Chapter Supporters to stay in touch, it's just not quite the same.

We are offering our chapter Supporters a free half page ad during the pandemic.

Chapter Supporters are a huge part of the chapter. We have many professionals that provide expertise and quality referrals for your customers. Please think of our chapter supporters first when it comes to referral for your customers.

IPSSA SAN DIEGO CHAPTER CONTINUING EDUCATION

General Meeting
CANCELLED
September 16, 2020
7pm

The CDC has released [guidance on COVID-19 and water transmission](#), including information on recreational water transmission. We encourage you to share this information with your organizations and others who may have questions about COVID-19 spreading through water.

Specifically, the CDC guidance states:

“There is no evidence that COVID-19 can be spread to humans through the use of pools and hot tubs. Proper operation, maintenance, and disinfection (e.g., with chlorine and bromine) of pools and hot tubs should remove or inactivate the virus that causes COVID-19.”

This guidance and other water-related guidance can be found at www.cdc.gov/coronavirus/2019-ncov/php/water.html. For more information about CDC’s recommendations for proper operation, maintenance, and disinfection of public pools, visit www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html.

Our thoughts are with everyone who has been impacted by this outbreak so far. We will continue to update you as any additional CDC guidance related to recreational water and COVID-19 becomes available.

Sincerely,
Kristie Riester, Executive Director
The Council for the Model Aquatic Health Code

Raypak sent the Chapter our rebate check for last year, also they had some other news for our Chapter.

Raypak is starting a new rebate program for individual members. Members need to go to <https://www.raypak.com> to get all the information.

They are also offering webinars this month on heater installation and repair, you get times and dates go to their web page.

Zodiac is offering online Classes – get educated and earn get Continuing Education Points

Education Reimbursements -

- Classes 100% class/show cost.
- Outside SD County 100% class/show cost+\$250 for expenses.
- Outside So Cal 100% class/show cost+ \$400 for expenses.
- Contractor License - 100% of non-recurring expenses such as application test fees, fingerprinting charge etc., up to \$1000.

Must provide proof of attendance and payment.

Submit claim within 30 days of completion/attendance.

I hope this finds all of you safe and healthy. It has been a banner year in the pool industry, something for which we are all grateful. My manufacturers continue to do a great job with the current challenges and we are here to help you with your projects. I appreciate your ongoing support very much, and hopefully we can all get together soon!

A 80+ year history of supplying coatings for the pool industry: pools, ponds, fountains, and soon to be released SLIDES (and even filter lids)! Local distribution in the Los Angeles area. Any need to locate product, call me and I will assist you! Previously concentrating in the municipal and waterpark markets all over the country, Ramuc is a fabulous company to work with in this industry!

POOL TIGER Pool Tiger is the most innovative solution to maintaining the quality of your clients' water. You can expect crystal clear water, lower to no calcium deposits. Existing deposits will dissipate over time with use. The cost and ease of maintenance of your pools will be significantly improved. There is a special promotion right now, direct to you, \$395. It will not be going through distribution, at least for now, so take advantage of this special pricing while you can! There is a 60 day money back guaranty and a five year warranty.

EZStain is an inexpensive, durable way to update the look of any pool deck and rock features. It is a water-based acrylic stain, with outstanding colors which can't peel or flake. Easy application, the colors can be mixed *and* the manufacturer is a local San Diego company. If you don't want to add this to your skillset, I can help you locate an applicator.

Please let me know if you need any help with your projects. Thank you for your ongoing support. Stay safe! Hope to see you all soon!

Regina Rakowski

Underwater Unlimited Inc.
We repair *Pebble, Quartzite and Hydrazzo* pools underwater.

- Our pool underwater repair service specializes in:
- Reinforcement Steel Removal (rusted rebar)
 - Crack Repair: Structural and Cosmetic
 - Plaster Delamination (plaster loss), Hollow Spots, and Calcium Nodule Removal
 - V.G.B. Pool and Spa Safety Act Retrofit:

Tremendous weight associated with the removal of pool water alters the pool's equilibrium and can precipitate damage to the pool's plaster. Underwater repair saves time and money. We are eco-friendly.

County of San Diego

DEPARTMENT OF ENVIRONMENTAL HEALTH FOOD AND HOUSING DIVISION

Health Officer Orders Impacting Body Art, Massage, and Public Swimming Pools/Spas: Frequently Asked Questions

To ensure compliance with the County of San Diego, Order of the Health Officer, and Emergency Regulations, the Department of Environmental Health (DEH) is providing the following Questions and Answers for clarification:

Q: What changed on July 13, 2020?

A: Due to the increased spread of COVID-19, the State of California is prohibiting certain indoor activities, including indoor dining, body art, massage, and indoor swimming pools. **Effective 12:00 a.m. July 15, 2020 body art, massage, and indoor swimming pool use at gyms/fitness centers will be prohibited.**

Q: Do I need to close my business if I can operate outside?

A: Some businesses may be able to safely operate outside. Ensure that all health and safety code requirements and COVID-19 safety measures are met. Each municipality has different allowances for outdoor operations, please contact your local jurisdiction's enforcement, zoning, or planning program for clarification on outdoor operations. Note: [The Safe Body Art Act Section 119314](#) requires a body art facility to comply with having floors, walls, and ceilings. Body Art services will not be allowed outside.

Public Swimming Pools/Spas

To ensure compliance with the County of San Diego, Order of the Health Officer, Emergency Regulations, and the Department of Environmental Health (DEH) [Public Swimming Pool Operation During COVID-19 Guidance](#), DEH is providing the following Questions and Answers for clarification:

Q: Are swimming pools required to close?

A: Effective 12:00 a.m. July 15, 2020, the use of indoor swimming pools is prohibited due to the increase in COVID-19 cases. Swimming pools used to conduct essential infant drowning prevention classes, can continue to operate. Outdoor swimming pools can continue to operate and should follow the COVID-19 preventative measures described in the County of San Diego [Public Swimming Pool Operations During COVID-19 Guidance](#) and complete and post a copy of the County Safe Re-Opening Plan at the pool facility. Section E of the [Safe Re-Opening Plan](#) must be filled in with a description of the precautions your facility has implemented to meet the measures in the County of San Diego Public Swimming Operations During COVID-19 Guidance.

Q: My property has a swimming pool and a spa, are we able to re-open both?

A: Only public swimming pools are approved to re-open. Spas (sometimes referred to as hot tubs) are not included in the State Guidance as being allowed to re-open at this time. Caution tape, cones, and/or signage can be used to notify bathers that the spa is not open if it is in the same enclosure area as the pool. If the spa is in a separate enclosure from the pool, post signage at the gate indicating spa is closed. Turning off the heater in the spa is another good way to deter users.

Q: Our swimming pool facility is only used by residents of the HOA, is our HOA pool/spa still considered to be public?

A: HOA swimming pools are considered public swimming pools, the California Health and Safety Code states that a public pool is a pool that services more than 3 residential units.

Q: Are face coverings required in the pool area?

A: Per the County of San Diego Health Officer Order, face coverings are required anytime 6-foot social distancing cannot be achieved.

Q: Do people need to be socially distanced in the pool water when swimming?

A: Persons using the pool or in the pool area should adhere to 6-foot social distancing.

Q: Can we close the pool restrooms?

A: Public swimming pool restrooms cannot be closed; State law requires that restrooms at swimming pools remain open and available for use by swimmers. They should be frequently disinfected and stocked with adequate soap and paper towels at the hand sink.

Q: Do I need to change the capacity of my pool to accommodate 6-foot social distance?

A: You do not need to purchase/obtain new pool signage to reflect changes in occupancy. Temporary signage on social distancing should be posted. Remove, store, or label pool chairs/lounges/tables that cannot accommodate 6 feet of social distancing to prevent use.

Q: As an HOA, we don't have anyone present at the pool area at all times to monitor its use. How do we ensure the protocol is being met?

A: Designate a member of the community, HOA Board, or the association manager to evaluate and monitor the protocol. Ensure there is adequate signage and that all residents are aware of the requirements in the protocol. If feasible, implement a reservation system to help control the number of residents coming to the pool at one time. The permittee can decide not to re-open the pool if there is no way to adequately evaluate, implement, and monitor the protocol.

For more information or if you have further questions, please contact the Food and Housing, Specialist on Duty at (858) 505-6900 or by email fhdutye@sdcounty.ca.gov.

Public Swimming Pool Operations During COVID-19 Guidance

For swimming pool facilities to safely reopen, and maintain social distancing and operational best practices during the COVID-19 pandemic, utilize the following guidance:

Disinfection Plan and Oversight

- Complete and post the County of San Diego's required [Safe Reopening Plan \(Plan\)](#). In the Plan, describe how the measures in this guidance document will be met. The plan must be posted onsite at the facility, it does not need to be submitted to the County.
- Designate a person to be responsible for evaluating and implementing the measures in the Plan and in this guidance document. Determine who will ensure that the measures are being followed.
 - For an HOA, the designated person responsible for the pool/pool area is typically the HOA Manager or an HOA board member.
- Designate a person to be responsible for monitoring the restroom or changing rooms to ensure that the facilities are stocked with soap, paper towels, and has running water.
- Increase the frequency of restroom and changing room cleaning and disinfection based on the volume of pool/pool area use.
- Restrooms and showers must remain open to allow access by pool/pool area users and should be frequently disinfected.

Disinfection Guidance

- Frequently disinfect common touch points, such as chairs, tables, entry/exit gate and door handles, pool handrails, restroom facilities, shower water faucet handles, changing room benches and lockers, pool kickboards and floatation devices, slides, structures for climbing or playing, and any other common touch points, using a disinfectant that is [EPA approved](#) and effective against Coronavirus. If pool facilities are in continuous use, hourly disinfection is recommended. For less frequently used pool facilities, disinfection between users is recommended.
- At locations with no onsite person to monitor disinfection efforts, provide disinfection wipes that the pool/pool area users can use to disinfect common touchpoints before and after use.

Limit Users

- Ensure proper social distancing is maintained by all pool users that are not part of the same household. Limit the number of persons on the pool deck and in the pool to ensure six feet of social distancing is always maintained.
- Changing rooms and restrooms should be monitored to ensure that the number of people inside at one time allows for proper social distancing. Changing rooms (not restrooms) may need to be closed or have limited access to achieve proper social distancing.
- Consider implementing reservations for pool use or implementing other mechanisms to support physical distancing. This could include reserving full-lanes for individual lap swimming and half-lanes for individual household use.

Public Swimming Pool Operations During COVID-19 Guidance cont'd

Social Distancing

- All chairs and tables must be set up to maintain 6 foot social distancing. Remove, store, or label unused tables and chairs to prevent use. Each facility must ensure that the spacing of the chairs and tables still provides a clear deck space of 4 feet around the pool and/or spa/hot tub, as required by State law.

General Requirements

- Facilities may allow the use of spray grounds and water features, if proper social distancing can be maintained by all users that are not part of the same household. If proper social distancing cannot be maintained or monitored, then these features should be prohibited from use.
- Use of indoor pools are allowed if indoor ventilation systems are operating properly. In addition to the ventilation system, increasing the introduction and circulation of outdoor air by opening windows and doors is recommended as long as this does not pose a safety risk to children, staff, or pool/pool area users.
- Drinking fountains should be covered to prevent usage unless specifically designed to provide touchless, automatic water dispensing to fill water containers. Individuals can bring their own water in a non-glass container if beverages are allowed in pool area.
- Use of spas/hot tubs and steam rooms is not allowed at this time.
- When feasible, it is recommended that swim lesson and group activity instructors teach from the pool deck. For those swim classes that require face-to-face or close contact, use a parent or member of the same household to be in the water with the child, or have the swim instructor wear a face covering and work with the student in a one-on-one capacity. Participants of group swimming lessons, group fitness classes, and spectators on the pool deck should always maintain social distancing of six feet.

I, the undersigned, waive any and all claims against IPSSA, Inc, IPSSA Management Company, IPSSA Chapters and/or its individual members, arising out of my participation in the IPSSA Sick Leave Program, including, but not limited to claims for lost income resulting from improper maintenance performed by IPSSA members. I have read and understand the standing rules for the Sick Leave Program and agree to participate in that program.
