No Blood Drive due Restaurant Lockdown

President's Message

Hello everyone,

Goodness Gracious,
 Things are not going the way we hoped when it comes to the COVID situation. The stay at home order has recently become more strict as the virus spreads, shutting down restaurants, salons, gyms, etc. We are so fortunate to be designated as an Essential Service by the government so we can continue to work and provide an income for our families, pay our bills, and stay solvent. Please do your best to stay as safe as possible and not contract the virus. Follow all the obvious precautions to avoid contracting COVID. The Chapter just finished performing a terrific job of Sick Leave coverage for Tom Richardson while he recovered from an Achilles injury. All of his pools were maintained by Chapter members while he rehabbed and now he has his business running smoothly as he resumes control of his route. This is another example of how valuable the Sick Leave coverage is for a member of IPSSA. No other organization offers this program. Kudos to all the members who stepped forward to keep Tom's business alive. With that being said, it looks like we may have another Sick Leave coverage coming up to start the new year. This member is ready to retire, but needs surgery, and is trying to sell his business before he is in need of us covering his route. If the sale doesn't happen, I

have complete confidence that all of you will step forward and make sure his clients are taken care of properly. Our Vice President Gary Roberts has taken the lead on creating a San Diego Chapter Food Drive to benefit the San Diego Food Bank. He has put time and effort to make this happen. Please support the effort by donating at the IPSSA donation tubs at our local wholesalers who were willing to jump in and say yes, "We Will Help" PEP SCP PWP SUPERIOR.

The Chapter Board decided to have a general meeting this month, December 16 at 7:00 PM via Zoom. So please join us for an hour long meeting while in the comfort of your home. After a relaxed year of monthly general meeting member attendance requirements, due to the COVID situation, the Chapter Board has decided that in 2021, San Diego IPSSA members will need to attend at least 2 meetings per quarter via Zoom going forward to avoid a fine. Please check your calendar and mark the third Wednesday of every month at 7:00 PM and observe or participate. Show up or get your check book out to pay your fine for non attendance. You don't have to leave your warm home to attend. Hope to see all of you soon.

The Chapter Board wishes you and your loved ones Happy Holidays and Warm Regards

Mark T. Curran

Mark talked to Miguel Mendoza from Superior to see about getting credit for the new unopened parts. We would like to help Lyn in clearing up area. Also Stephan's 1991 Nissan service truck sits in the driveway with a potential buyer interested in purchasing the truck.

Chapter should be receiving a check soon from PEP for the partner reward program.

Chapter Supporter Advertising

Due to the pandemic person to person contact at our meetings has not happened. While we have phones and e-mail for members and Chapter Supporters to stay in touch, it's just not quite the same.

We are offering our chapter Supporters a free half page ad during the pandemic.

Chapter Supporters are a huge part of the chapter. We have many professionals that provide expertise and quality referrals for your customers. Please think of our chapter supporters first when it comes to referral for your customers.

From Daniel Nicholas of Fluidra: (flyer in Skimmer)

As we are navigating through these crazy times, we have had to suspend our in-person training classes. However we will be hosting a ton of live webinar classes. I am attaching the link for the websites where you can find the classes. Also included a PDF file if that is easier to post. Please feel free to share with the group. Any questions, feel free to contact me. Thank you.

IPSSA SAN DIEGO CHAPTER CONTINUING EDUCATION

General Meeting
Zoom meeting
December 16, 2020 7pm

Continuing education is still alive and well in the Chapter. Many of the manufactures are offering online classes that members can take to complete their required 10 points they need of Cont. Ed. every 2 (two) years. Those points are due 12/31/2021, that's the end of next year. So far I have 1 (one) completed form turned in. There are online classes offered that the chapter will pay for to help members further their company. One member just completed his contractors license classes and passed his test, congratulations. The chapter just sent him a check for \$1195.00 to cover the cost. Don't forget we have money in the Education Fund and it is there for our members to use.

Jon McArthur

The CDC has released [guidance on COVID-19 and water transmission](#), including information on recreational water transmission. We encourage you to share this information with your organizations and others who may have questions about COVID-19 spreading through water.

Specifically, the CDC guidance states:

“There is no evidence that COVID-19 can be spread to humans through the use of pools and hot tubs. Proper operation, maintenance, and disinfection (e.g., with chlorine and bromine) of pools and hot tubs should remove or inactivate the virus that causes COVID-19.”

This guidance and other water-related guidance can be found at www.cdc.gov/coronavirus/2019-ncov/php/water.html. For more information about CDC's recommendations for proper operation, maintenance, and disinfection of public pools, visit www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html.

Our thoughts are with everyone who has been impacted by this outbreak so far. We will continue to update you as any additional CDC guidance related to recreational water and COVID-19 becomes available.

Sincerely,
Kristie Riester, Executive Director

I hope this finds all of you safe and healthy. It has been a banner year in the pool industry, something for which we are all grateful. My manufacturers continue to do a great job with the current challenges and we are here to help you with your projects. I appreciate your ongoing support very much, and hopefully we can all get together soon!

A 80+ year history of supplying coatings for the pool industry: pools, ponds, fountains, and soon to be released SLIDES (and even filter lids)! Local distribution in the Los Angeles area. Any need to locate product, call me and I will assist you! Previously concentrating in the municipal and waterpark markets all over the country, Ramuc is a fabulous company to work with in this industry!

POOL TIGER Pool Tiger is the most innovative solution to maintaining the quality of your clients' water. You can expect crystal clear water, lower to no calcium deposits. Existing deposits will dissipate over time with use. The cost and ease of maintenance of your pools will be significantly improved. There is a special promotion right now, direct to you, \$395. It will not be going through distribution, at least for now, so take advantage of this special pricing while you can! There is a 60 day money back guaranty and a five year warranty.

EZStain is an inexpensive, durable way to update the look of any pool deck and rock features. It is a water-based acrylic stain, with outstanding colors which can't peel or flake. Easy application, the colors can be mixed *and* the manufacturer is a local San Diego company. If you don't want to add this to your skillset, I can help you locate an applicator.

Please let me know if you need any help with your projects. Thank you for your ongoing support. Stay safe! Hope to see you all soon!
