President's Message

We have a Chapter general meeting scheduled for this Wednesday, February 17, at 7:00 P.M. via Zoom. We hope to see most, if not all of you there. Paul Grimes will be sending you a link to the Zoom meeting via email. Please look for that email and join the meeting in a timely manner. A reminder to all of you, the Chapter's long standing rules for attending the monthly meetings are now being enforced. So, to avoid being fined for non attendance, please be sure to attend one meeting per quarter. It's easy and convenient. To the Chapter Supporters, please breathe a sigh of relief, you will not be fined for non attendance.

Everyone can attend the meeting from the comfort of their home. You don't have to get in your car or truck and drive to Admiral Baker Country Club.

Instead, you can participate using your desktop computer, laptop, or cell phone while relaxing in your domicile. Think of the money you're saving on gas, tires, brakes, and unnecessary wear and

tear on your vehicle, not to mention the safety of staying home and eliminating possible exposure to the common cold.

Thank you to all of the members who are currently performing Sick Leave coverage for Geoff Conradi while he recovers from knee replacement surgery. Geoff and his lovely wife Virginia have been trying to sell his route/business for several months. So if you know of anyone who might be interested please let them know. They would be very appreciative as Geoff would like to retire and enjoy the good life. I hope all of you are staying healthy, both mentally and physically.

Best Regards,

In Memoriam, Mike Ramey

Mike Ramey, a respected pool industry member, passed away on January 9, 2021, at the age of 64.

Ramey began his career in the swimming pool and spa industry in 1982 working for Polaris Vac Sweep. It was here that he met Bob Blake and John Grucky, both of whom worked at Polaris.

After a brief stint in new construction retail sales, Blake hired him as a salesman for Anzen, a newly acquired company by Polaris. They worked together for a few years before Blake decided to start his own sales agency, Blake Sales Associates, in August of 1986. Ramey was his first hire in September of that year and Grucky joined in October of 1987. BSA grew to be one of the most respected agencies on the west

coast.

When Blake passed in June of 2001, Ramey took the helm and the company never missed a beat. He loved the pool industry, served on boards and treated his employees with the utmost of respect. His work ethic was beyond comparison.

When diagnosed with cancer two and a half years ago Ramey took it on in a manner that marveled those closest to him and from afar.

Ramey is survived by his wife Martha and his three daughters Sheree, Sharmane and Sarah.

Chapter Supporter Advertising

Due to the pandemic person to person contact at our meetings has not happened. While we have phones and e-mail for members and Chapter Supporters to stay in touch, it's just not quite the same.

We are offering our chapter Supporters a free half page ad during the pandemic.

Chapter Supporters are a huge part of the chapter. We have many professionals that provide expertise and quality referrals for your customers. Please think of our chapter supporters first when it comes to referral for your customers.

IPSSA SAN DIEGO CHAPTER CONTINUING EDUCATION

General Meeting
Zoom meeting
February 17, 2021 7pm

Continuing education is still alive and well in the Chapter. Many of the manufactures are offering online classes that members can take to complete their required 10 points they need of Cont. Ed. every 2 (two) years. Those points are due 12/31/2021, that's the end of next year. So far I have 1 (one) completed form turned in. There are online classes offered that the chapter will pay for to help members further their company. One member just completed his contractors license classes and passed his test, congratulations. The chapter just sent him a check for \$1195.00 to cover the cost. Don't forget we have money in the Education Fund and it is there for our members to use.

Jon McArthur

The CDC has released [guidance on COVID-19 and water transmission](#), including information on recreational water transmission. We encourage you to share this information with your organizations and others who may have questions about COVID-19 spreading through water.

Specifically, the CDC guidance states:

“There is no evidence that COVID-19 can be spread to humans through the use of pools and hot tubs. Proper operation, maintenance, and disinfection (e.g., with chlorine and bromine) of pools and hot tubs should remove or inactivate the virus that causes COVID-19.”

This guidance and other water-related guidance can be found at www.cdc.gov/coronavirus/2019-ncov/php/water.html. For more information about CDC's recommendations for proper operation, maintenance, and disinfection of public pools, visit www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html.

Our thoughts are with everyone who has been impacted by this outbreak so far. We will continue to update you as any additional CDC guidance related to recreational water and COVID-19 becomes available.

Sincerely,
Kristie Riester, Executive Director

My manufacturers continue to do a great job with the current challenges and we are here to help you with your projects. I appreciate your ongoing support very much, and hopefully we can all get together soon!

EZStain is an inexpensive, durable way to update the look of any pool deck and rock features. It is a water-based acrylic stain, with outstanding colors which can't peel or flake. Easy application, the colors can be mixed *and* the manufacturer is a local San Diego company. If you don't want to add this to your skillset, I can help you locate an applicator.

Please let me know if you need any help with your projects. Thank you for your ongoing support. Stay safe! Hope to see you all soon!
