President's Message

Spring is almost here and the swimming season is around the corner. Hopefully you've adjusted your clocks forward for daylight savings by the time you've received this Skimmer. If not, it explains why you've been late to your last several appointments.

A special reminder to all; Chapter Members are required to attend a general meeting once a quarter or risk being fined for nonattendance. The Board chose not to enforce this rule during the chaotic 2020 COVID pandemic year. However, the general meetings that are held on the third Wednesday of every month are easy to attend via Zoom from the comfort of your home and there really isn't any excuse for nonattendance.

So the Board made it clear at the beginning of 2021 that the attendance requirement will be enforced. The Board really doesn't want to fine anyone so please be sure to attend this Wednesday's meeting at 7:00 PM if you didn't attend in January or February to avoid a fine.

The Chapter members came through again and performed Sick Leave coverage for Geoff Conradi while he recovered from knee replacement surgery. The surgery went well, Geoff is recovering nicely, and after eight weeks of coverage, Geoff found a buyer for his route. As a result, the Sick Leave coverage ended with

Geoff's retirement. Hopefully, we will see Geoff at some of our gatherings in the future. It was always a pleasure seeing him at the meetings smiling while hosting the sign in table. Geoff served on the Board in the past and was always willing to volunteer his time for the Chapter. I hope he will continue to be involved with us during his retirement.

The Sick Leave program is so important to members in need and is unique to any industry in the world.

Speaking of which, we have another coverage beginning for Paul Williams as he rehabs from a back injury. I trust that our members will do another exemplary job of caring for his pools while he is getting better.

Paul Grimes is putting the finishing touches on the revised Sick Leave Coverage Chapter Rules and should have it available in a month or so on our website. It has been quite a few years since it was updated so the Board along with Paul and Jon McArthur took the time to review and clean up the wording. Thank you to the Board, Jon, and Paul for your time and efforts to make that happen.

Please continue to stay safe and healthy and get vaccinated when you can.

Kind regards,

Mark T. Curran

IPSSA SAN DIEGO CHAPTER CONTINUING EDUCATION

General Meeting
Zoom meeting
March 17, 2021 7pm

Continuing education is still alive and well in the Chapter. Many of the manufactures are offering online classes that members can take to complete their required 10 points they need of Cont. Ed. every 2 (two) years. Those points are due 12/31/2021, that's the end of next year. So far I have 1 (one) completed form turned in. There are online classes offered that the chapter will pay for to help members further their company. One member just completed his contractors license classes and passed his test, congratulations. The chapter just sent him a check for \$1195.00 to cover the cost. Don't forget we have money in the Education Fund and it is there for our members to use.

Jon McArthur

The CDC has released [guidance on COVID-19 and water transmission](#), including information on recreational water transmission. We encourage you to share this information with your organizations and others who may have questions about COVID-19 spreading through water.

Specifically, the CDC guidance states:

“There is no evidence that COVID-19 can be spread to humans through the use of pools and hot tubs. Proper operation, maintenance, and disinfection (e.g., with chlorine and bromine) of pools and hot tubs should remove or inactivate the virus that causes COVID-19.”

This guidance and other water-related guidance can be found at www.cdc.gov/coronavirus/2019-ncov/php/water.html. For more information about CDC's recommendations for proper operation, maintenance, and disinfection of public pools, visit www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html.

Our thoughts are with everyone who has been impacted by this outbreak so far. We will continue to update you as any additional CDC guidance related to recreational water and COVID-19 becomes available.

Sincerely,
Kristie Riester, Executive Director
