President's Message

Hello Chapter Members and Supporters,

As Fall approaches, temperatures drop, and schools reopen, we might see things in our industry slow a little. One can only hope. As the unprecedented demand currently continues to stress the pool and spa supply chain we are seeing some signs of the chemical manufacturers catching up to demand. It will probably be another year before equipment manufacturers catch up and inventory approaches normalcy. The prices across the board continue to rise with no indication of returning to pre pandemic levels. I hope you have raised your pricing to accommodate the increase in cost of doing business.

We have another two hour seminar this Wednesday prior to our General Meeting that will begin at 5:00 PM. It will feature Mark R. Lane and his Pentair cohorts speaking about pump motors and providing a hands-on Rebel Automatic Cleaner class. This two hour seminar will be worth 2 Continuing Education points. Please take advantage of this convenient class located at our usual meeting location, Admiral Baker Country Club. A box "lunch" dinner will be provided for all who attend.

Some reminders: The mandatory annual meeting is coming up in October. October 20th to be exact. It will be held at Admiral Baker Country Club. There will be an earlier start than usual, 6:00 PM, to accommodate for the extended check in procedure and photographs being taken for the new directory. Elections for the new Board will be held. Blue Cards are due by October 20th. Dinner will be served. Sick Leave Coverage rules revision will be put before the membership for approval. A motion for Continuing Education points for serving on the Chapter Board will be put before the membership for approval. And of course nominees for Board positions will be voted on by the membership. If you have not served on the Board in the past it is now your turn to step up and put your name in as a nominee.

I look forward to seeing you this Wednesday September 15th at 5:00 PM for our seminar and meeting.

IPSSA SAN DIEGO CHAPTER CONTINUING EDUCATION

General Meeting
Admiral Baker
Clubhouse
Sept. 15, 2021 7pm

Continuing education is still alive and well in the Chapter. Many of the manufactures are offering online classes that members can take to complete their required 10 points they need of Cont. Ed. every 2 (two) years. Those points are due 12/31/2021, that's the end of next year. So far I have 1 (one) completed form turned in. There are online classes offered that the chapter will pay for to help members further their company. One member just completed his contractors license classes and passed his test, congratulations. The chapter just sent him a check for \$1195.00 to cover the cost. Don't forget we have money in the Education Fund and it is there for our members to use.

Jon McArthur

The CDC has released [guidance on COVID-19 and water transmission](#), including information on recreational water transmission. We encourage you to share this information with your organizations and others who may have questions about COVID-19 spreading through water.

Specifically, the CDC guidance states:

“There is no evidence that COVID-19 can be spread to humans through the use of pools and hot tubs. Proper operation, maintenance, and disinfection (e.g., with chlorine and bromine) of pools and hot tubs should remove or inactivate the virus that causes COVID-19.”

This guidance and other water-related guidance can be found at www.cdc.gov/coronavirus/2019-ncov/php/water.html. For more information about CDC's recommendations for proper operation, maintenance, and disinfection of public pools, visit www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html.

Our thoughts are with everyone who has been impacted by this outbreak so far. We will continue to update you as any additional CDC guidance related to recreational water and COVID-19 becomes available.

Sincerely,
Kristie Riester, Executive Director
