President's Message

Happy New Year to everyone! Kudos to the Entertainment Committee for a great and successful holiday party last month! I hope we can enter into 2022 with hopes of becoming a better year with the conditions we are facing... That being said, I have chosen to forgo the in person meeting at Admiral Baker Clubhouse for January's General Meeting due to the recent outbreak of Covid19 Omicron variant. We will schedule a Zoom meeting to provide a continued method for communication for the San Diego Chapter. I encourage as many members and Chapter Supporters to attend!

As of right now, we are moving forward with the TableTop scheduled for Saturday, January 29, 2022 9:00 am - 4:00 pm. Again, I encourage everyone to attend, learn something new with the pool industry, and helpful tips to make your business more successful.

Thanks!

IPSSA SAN DIEGO CHAPTER CONTINUING EDUCATION

General Meeting
Zoom Meeting
Jan. 19, 2022, 7pm

Continuing education is still alive and well in the Chapter. Many of the manufactures are offering online classes that members can take to complete their required 10 points they need of Cont. Ed. every 2 (two) years. Those points are due 12/31/2021, that's the end of next year. So far I have 1 (one) completed form turned in. There are online classes offered that the chapter will pay for to help members further their company. One member just completed his contractors license classes and passed his test, congratulations. The chapter just sent him a check for \$1195.00 to cover the cost. Don't forget we have money in the Education Fund and it is there for our members to use.

Jon McArthur

The CDC has released [guidance on COVID-19 and water transmission](#), including information on recreational water transmission. We encourage you to share this information with your organizations and others who may have questions about COVID-19 spreading through water.

Specifically, the CDC guidance states:

“There is no evidence that COVID-19 can be spread to humans through the use of pools and hot tubs. Proper operation, maintenance, and disinfection (e.g., with chlorine and bromine) of pools and hot tubs should remove or inactivate the virus that causes COVID-19.”

This guidance and other water-related guidance can be found at www.cdc.gov/coronavirus/2019-ncov/php/water.html. For more information about CDC's recommendations for proper operation, maintenance, and disinfection of public pools, visit www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html.

Our thoughts are with everyone who has been impacted by this outbreak so far. We will continue to update you as any additional CDC guidance related to recreational water and COVID-19 becomes available.

Sincerely,
Kristie Riester, Executive Director
The Council for the Model Aquatic Health Code

NOTE:

Due to the unusual last 2 years, caused by Covid, the San Diego IPSSA Board and the Continuing Education committee will be allowing an extension to Member who did not meet the Chapter requirement of getting 10 hours of continuing education in the period from 1/1/2020-12/31/2021.

We will allow Members an additional 2 years to complete their needed points.

They must still meet the requirements of getting 10 hours of continuing education in this time period, 1/1/2022- 12/31/2023.

During this time period Members seeking this extension will not receive any money from the Continuing Education Fund until they have completed hours of education and turned in a completed form for the period of 1/1/2020-12/31/2021 to the Continuing Education Committee.

I hope this finds all of you safe and healthy. It has been a banner year in the pool industry, something for which we are all grateful. My manufacturers continue to do a great job with the current challenges and we are here to help you with your projects. I appreciate your ongoing support very much, and hopefully we can all get together soon!

A 80+ year history of supplying coatings for the pool industry: pools, ponds, fountains, and soon to be released SLIDES (and even filter lids)! Local distribution in the Los Angeles area. Any need to locate product, call me and I will assist you! Previously concentrating in the municipal and waterpark markets all over the country, Ramuc is a fabulous company to work with in this industry!

POOL TIGER Pool Tiger is the most innovative solution to maintaining the quality of your clients' water. You can expect crystal clear water, lower to no calcium deposits. Existing deposits will dissipate over time with use. The cost and ease of maintenance of your pools will be significantly improved. There is a special promotion right now, direct to you, \$395. It will not be going through distribution, at least for now, so take advantage of this special pricing while you can! There is a 60 day money back guaranty and a five year warranty.

EZ Stain is an inexpensive, durable way to update the look of any pool deck and rock features. It is a water-based acrylic stain, with outstanding colors which can't peel or flake. Easy application, the colors can be mixed *and* the manufacturer is a local San Diego company. If you don't want to add this to your skillset, I can help you locate an applicator.

Please let me know if you need any help with your projects. Thank you for your ongoing support. Stay safe! Hope to see you all soon!
