## President's Message

Finally, the weather is beginning to cool off a bit, that heat wave was brutal to work outside. So school is back in session and traffic is increased, but students and teachers are using the pools less thereby we should be using fewer chemicals to maintain our pools. Just when I thought fuel costs were leveling off, gas just went up another 20 cents a gallon.

There will be no class/dinner before the September general meeting, too hot to make members get done early. We have Carlene Viboch, the new Raypak rep as our guest speaker talking about what's new with Raypak heaters.

SCP San Diego now has our 7 FNS+60 sq ft filters with backwash valves available for purchase for \$800 each. Same as before, only 1 filter per member and would need to contact Jon McArthur first, and he will contact SCP at a pickup and check made out to San Diego IPSSA.

We have begun zoom meetings with the entertainment committee in preparation for the upcoming Holiday Party scheduled for December 10, 2022. As we had last year, there will be a block of rooms available for those that wish to spend the night at Bahia. More details to follow in the coming weeks.

# IPSSA SAN DIEGO CHAPTER CONTINUING EDUCATION

General Meeting  
Admiral Baker  
Clubhouse  
September 21, 2022,  
7pm

The CDC has released [guidance on COVID-19 and water transmission](#), including information on recreational water transmission. We encourage you to share this information with your organizations and others who may have questions about COVID-19 spreading through water.

Specifically, the CDC guidance states:

“There is no evidence that COVID-19 can be spread to humans through the use of pools and hot tubs. Proper operation, maintenance, and disinfection (e.g., with chlorine and bromine) of pools and hot tubs should remove or inactivate the virus that causes COVID-19.”

This guidance and other water-related guidance can be found at

[www.cdc.gov/coronavirus/2019-ncov/php/water.html](http://www.cdc.gov/coronavirus/2019-ncov/php/water.html). For more information about CDC’s recommendations for proper operation, maintenance, and disinfection of public pools, visit [www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html](http://www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html).

Our thoughts are with everyone who has been impacted by this outbreak so far. We will continue to update you as any additional CDC guidance related to recreational water and COVID-19 becomes available.

Sincerely,  
Kristie Riester, Executive Director  
The Council for the Model Aquatic Health Code

### **NOTE:**

New year and a new chance to get EDUCATED. Maybe this is the year you decide to get that contractors license, learn how to fix heaters, install automation or make yourself a better business person. The Continuing Education Fund has the money to help. You can get up to \$1200.00 a year to help further your business. The San Diego Chapter created this fund to help its Members improve themselves and their business.

The Chapter requires all its Members to complete 10 hours of education every 2 years so why not attend some new classes, trade shows or seminars to improve yourself and your business and get paid.

It is early in the year but 1 of our Members has already completed and turned in his form, maybe you could be the next one.

**Any question please call Jon McArthur Continuing Education Chair (619) 672-3760**

I hope this finds all of you safe and healthy. It has been a banner year in the pool industry, something for which we are all grateful. My manufacturers continue to do a great job with the current challenges and we are here to help you with your projects. I appreciate your ongoing support very much, and hopefully we can all get together soon!

A 80+ year history of supplying coatings for the pool industry: pools, ponds, fountains, and soon to be released SLIDES (and even filter lids)! Local distribution in the Los Angeles area. Any need to locate product, call me and I will assist you! Previously concentrating in the municipal and waterpark markets all over the country, Ramuc is a fabulous company to work with in this industry!

**POOL TIGER** Pool Tiger is the most innovative solution to maintaining the quality of your clients' water. You can expect crystal clear water, lower to no calcium deposits. Existing deposits will dissipate over time with use. The cost and ease of maintenance of your pools will be significantly improved. There is a special promotion right now, direct to you, \$395. It will not be going through distribution, at least for now, so take advantage of this special pricing while you can! There is a 60 day money back guaranty and a five year warranty.

**EZ STAIN** EZStain is an inexpensive, durable way to update the look of any pool deck and rock features. It is a water-based acrylic stain, with outstanding colors which can't peel or flake. Easy application, the colors can be mixed *and* the manufacturer is a local San Diego company. If you don't want to add this to your skillset, I can help you locate an applicator.

Please let me know if you need any help with your projects. Thank you for your ongoing support. Stay safe! Hope to see you all soon!
