## President's Message

Welcome everyone to February, the month of the Super Bowl. I love this time of year when the water is 52 degrees and not having to spend our biggest expense on chemicals. I trust everyone is adjusting to the increasing costs of parts for your repairs. Surprisingly, I wanted to purchase salt at SCP on February 9th, and they had none. That's the first time I have not been able to purchase salt? Was told a shipment of salt was scheduled the next day.

Thank you everyone for covering sick leave pools for our sick leave committee chairman, Mark Middendorf. He is recovering well from Heart Aorta surgery, and will be joining back with us soon. Mark Fleming will be going out next month fixing his new hip.

Josh Parks will be talking about safety fencing around our pools as our guest speaker. This is

perfect timing as we enter into the next swim season.

We may have several members out at once, and I encourage members to attend with ideas about sick leave so we can talk about it.

I would like to give a big congratulations to the Table Top success and a wonderful turn out, and most importantly to all those that were involved with organizing, setting up, and tearing down after the event to keep our reputation with this venue.

As a reminder, we have rules about sick leave and quarterly meetings attendance, and fines will be enforced.

## General Meeting January 18, 2023

Started at 7:00pm Ended at 8:00pm

- Ken Dirkse opened up the meeting talking about a scam, targeting one of our members and wants all other members to be vigilant. Then he spoke about how excited he is about the Table Top event January 28.
- James Morketter raised his concerns about the possibility of a fee increase. He would like to see examples of why the dues would increase. And would like to see it voted on by members.
- Child drowning prevention, remember to lock all gates. Stay alert even though it is winter. Make sure all gates are working properly and all pool toys are removed from the pool area. Josh Parks from Lifesaver Pool and Fencing has a safety evaluation on his website [www.poolfencesocal.com](http://www.poolfencesocal.com)
- The Chapter website is really close to launching.
- We always need people to donate blood. The tricks-of-the-trade breakfast is free as long as you donate blood. You are more than welcome to bring your spouse.
- Mike Harris Region 7 Director spoke about the planning stages of the Region 7 summer picnic. Possibly May 13, 2023 at Santee Lakes. He also spoke about some new awards. One is for members that have been in the organization for less than 10 years. Another award would be for the outstanding chapter in the nation. Prizes would be given to the top three Chapters.
- Briana Cavasino with the party planning committee would like to change locations for the Holiday party if the members even want a party.
- Jon Mc Arthur wants to see if there's interest in renting a party bus to take people to the Western Pool and Spa Show on Saturday. If you would like to join in there will be a fifty dollar deposit.
- The Western Pool and Spa Show is March 23rd - 25th.
- The \$25 general raffle was won by James Morketter. The roll over raffle would have been won by Douglas Bayon. The next roll over raffle will be up to \$100.

## Board Meeting, Wednesday February 1, 2023

Meeting started at 7:10pm Ended at 8:46pm

- Ken Dirkse started meeting talking about table top, and how he was impressed with the classes. He wanted to thank everyone who volunteered, Ken also commented on what a great turn out.
- Adam Haynes texted the Board before the meeting, that he has some concerns about the general fund. He asked if there was a committee focused on raising money for the general fund. Adam mentioned that other chapters raise money by doing raffles, luncheons and other events. The Board discussed this ideal and thought it was good. Has concerns about filling another committee. It was discussed that it is already hard to get members to show up for meetings, let alone showing up for other events.
- Board discussed a more coordinated process to keep better meeting attendance logs.
- Mark Curran brought up the fact that we need to start a nominating committee for the upcoming Board elections in October. Is someone is interested in being Treasurer in October? It would be beneficial to start training soon to make an easier transition.
- Jim Bauer had a great ideal about having a golf tournament. It could be a good way to raise money for the chapters. The Board agreed that it would be fun and beneficial for the members.
- Jim requested a \$500 swim fund reimbursement from IPSSA Inc. and also filed a \$1,000 Grant with Mike Harris.
- In attendance Mark Curran, Ken Dirkse, Jim Bauer and Dylan Bray.

# IPSSA SAN DIEGO CHAPTER CONTINUING EDUCATION

General Meeting  
Admiral Baker  
Clubhouse  
February 15, 2023, 7 pm

The CDC has released [guidance on COVID-19 and water transmission](#), including information on recreational water transmission. We encourage you to share this information with your organizations and others who may have questions about COVID-19 spreading through water.

Specifically, the CDC guidance states:

“There is no evidence that COVID-19 can be spread to humans through the use of pools and hot tubs. Proper operation, maintenance, and disinfection (e.g., with chlorine and bromine) of pools and hot tubs should remove or inactivate the virus that causes COVID-19.”

This guidance and other water-related guidance can be found at

[www.cdc.gov/coronavirus/2019-ncov/php/water.html](http://www.cdc.gov/coronavirus/2019-ncov/php/water.html). For more information about CDC’s recommendations for proper operation, maintenance, and disinfection of public pools, visit

[www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html](http://www.cdc.gov/healthywater/swimming/aquatics-professionals/operating-public-swimming-pools.html).

Our thoughts are with everyone who has been impacted by this outbreak so far. We will continue to update you as any additional CDC guidance related to recreational water and COVID-19 becomes available.

Sincerely,  
Kristie Riester, Executive Director  
The Council for the Model Aquatic Health Code
